

PREMIER AND GUESTS VOL VI

FALLS VIEW

DEC 30, 2023 | LISTOWEL, ON | 7:00PM

It is indeed an honour and privilege to welcome each and everyone of you to the 6th Annual Premier & Guests Fallsview Production Sale. After what has shown to be great fall season for all involved in the agricultural business, I reflected back over the years and it's hard to believe this is the 6th year we are hosting this sale. From the very beginning our goal was to offer the absolute very elite genetics from some of the greatest people representing breeding programs that are the envy of the industry. It's exciting to see how the cattle that have sold through this very sale have made an impact for their new owners. A few highlights that come to mind are the powerful heifer calf Ellesmere Tibbie who sold thru the 2022 sale going to the good folks at Fusion Livestock and she herself was named Supreme Champion Female at the prestigious Expo Boeuf. In 2021 Premier Hasson Empress 103 sold to our good friends at Grylls Cattle Co. who have done a wonderful job promoting her to be the 2023 National Champion Angus Female as well as a Top 10 qualifier at the Super Bowl of cattle shows the CN Supreme Champion Show at Canadian Western Agribition. I would be remiss not to mention Haroldson United who sold thru the 2019 edition of Fallsview going to the elite breeding program of Poplar Meadows and then went on to be selected Supreme Champion Bull of the 2021 Cattlemen's Congress in Oklahoma. These are just a few of the many highlights over the past 6 years.

To say the cattle that have been assembled over the years are nothing short of exceptional is one thing. But the people that have believed in the vision of the sale are truly what have made it as successful as it is. I firmly believe if you make a purchase from any of consignors represented in this sale you are not only buying an animal, you are buying into a program and they will be there to help and assist you in anyway needed.

Consider this a personal invitation from myself, the consignors and T Bar C to join us December 30th for some festive cheer and our famous brisket diner with fellow cattlemen and cattlemen.

INSURANCE:

Will be available sale day.

Literally every year we try and out do ourselves on the offering involved in what we consider our "sacred" sale... Falls View. And for sure we've had some great events over looking the falls in Niagara, the Covid episode right in Peter's shop and how could we not mention the last 2 years in Listowel where we've had standing room only crowds. But the ingredients incorporated in the next 76 pages are what we feel is definitely our best effort yet. Every lot has been thought over intensely to insure not only quality, but a big step forward to any program. The amount of success stories that revolve around past sale cattle are remarkable, most notable the 2023 National Black Angus Champion Female purchased in the '21 event. But not only are we stacked with championship stock from the most prestigious shows in the country, we have the who's who of breeding operations that offer something right off the top of their respective herd. The foresight and vision of Peter and his family with this event has been monumental for so many including the famed Premier tattoo. There is one common goal here with all belonging to the consignor list in this sale... be progressive, breed good cattle and enjoy what you do. All of us at T Bar live for events like this and are pumped about the cattle business now and in the future. So please come to Fallsview. We have a great setting, phenomenal hospitality and an offering we will talk about in years to come . - BEN WRIGHT

PFLC 17F - GRANDAM

If you want to talk about **“POWER IN THE BLOOD”** well here is the proof! We had our pick of the heifer calves at Whitestone Farms in 2010. We chose WHITESTONE BARBARA Z080, a GAMBLES HOT ROD daughter out of the famous BARBARA family. Our aim as producers is for the next generation to be better than their sire and dam. This family certainly does that with each generation. The granddam of Lot 1 is PFLC BARBARA 17F, a daughter of BCII NEXT UP 015 who was the highest selling lot in Fallsview sold 1/2 interest to Hillspride in 2021. We also offered the opportunity to purchase 1/2 interest in PREMIER HASSON BARBARA 117J, dam of Lot 1 as a calf in the 2021 Fallsview Sale. Derrer Farms saw the future potential in this great female and Rod Derrer was the successful bidder. BARBARA 117J was Reserve Supreme Champi-

on Female in the very competitive National Junior Heifer Show at the 2022 Royal Agricultural Winter Fair exhibited by Abby Debus.

The mating to PVF MARVEL 9185 to Barbara 117J was highly anticipated and sure did not disappoint!

It's evident as you study the results of each generation there is **“POWER IN THE BLOOD”** BARBARA 313L and her dam were selected as Senior Champion Female in the 2023 Royal Agricultural Winter Fair.

If you appreciate attractive cattle that combine power, look and dimension in a sound structural package then this female is one you're going to fall hard for!

Retaining two succesful flushes at the buyer's convenience and our expense.

LOT 1A AND 1B CONSIGNED BY PREMIER LIVESTOCK

Truly two specials individuals in Lot 2A and Lot 2B! It is hard to find one that can combine power and look in one package. These two heifers are the most unique show heifers/donor prospects to carry the HASSON prefix. We are offering HASSON ELLIE 60L and HASSON ELLIE 65L on choice! These heifers gained a lot of fans at The Royal and their fans were split 50/50 of which heifer they preferred. So, we are offering you the opportunity to select your favourite! They both go back to proven and predictable genetics. On the bottom side of their pedigrees of TOP LINE ELLIE 0637 who was our pick of the 2006 heifer calves from Top Line Farms, Illinois. On the top side of their pedigrees they are stacked with power and style: Insight, Density, New Day, Blacklist, Dameron First Class, Classen, Northern Improvement, Stockman 365, Traveler 004, and Right Time! Both heifers are sired by PVF MARVEL 9185. His added dimension, structural soundness, combined with his powerful pedigree makes him a powerful sire with impact and style. He adds his flawless design, which blends tremendous rib shape, extra body and added dimension in the hip, features you can see in his daughters. **We reserve the right to one successful flush at the buyer's convenience and sellers expense.**

DAM: SCC SCH PHYLLIS 6104

(STYLE X PHYLLIS 052)

CE: 2.0 BW: 2.8 WW: 53 YW: 93 MILK: 24

LOT 10

We acquired STAG RIGHT ON TIME 228 earlier this year from the good folks at Griswold Cattle. Three things attracted us to him:

1. He's a full brother to STAG GOOD TIMES 201 ET. John Griswold said "STAG RIGHT ON TIME 228 is a full brother to STAG GOOD TIMES 201 ET but in a stouter made, soggier package.";
2. He's a son of SCC SCH 24 KARAT 838 x SCC SCH PHYLLIS 6104;
3. Well, just look at him, deep muscled, huge depth of rib, added bone and foot size, correct structure, huge hipped, long necked, clean shouldered...should I continue?

STAG GOOD TIMES 201 ET is one of the stoutest, cool looking, functional and soundest Angus bulls currently on the market. Griswold's said "We don't need another Angus bull to make show heifers, we wanted a bull that would make show heifers, stout made bulls and functional females that turned into donors, we wanted the whole dang package." Of all the sires of the cattle being shown in the States, GOOD TIMES ranks #5 for Sire Of The Year!

But RIGHT ON TIME's pedigree gets even more stacked, his sire SCC SCH 24 KARAT 838 is ranked #1 for Sire Of The Year in the American Angus Association. 24 KARAT needs no introduction if you follow the shows and sales south of the border: he's an incredible bull, built with a flawless phenotype, incredible build and a pedigree stacked with proven production, style and an unbelievable track record in the show ring!

24 KARAT and GOOD TIMES have been blazing a trail in the US. But both bulls semen is NOT approved to be imported to Canada. Here is your opportunity to breed to a pedigree who is a direct son of 24 KARAT and a full brother to GOOD TIMES and he's here in Canada ready to go!

The cow power behind RIGHT ON TIME, GOOD TIMES and 24 KARAT is what makes these bulls so exciting! Females that have a long track record of success in the show ring but also producing bulls and females for our current industry with depth of body, style, good feet and legs, fertility and femininity.

We are offering 15 packages of STAG RIGHT ON TIME 228 sexed female semen, 10 straws per package. Packages are offered for sale as of December 26. The first 15 people will have access to the female sexed semen. Don't be late to the 2024 Breeding Season - be RIGHT ON TIME!

LOT 18

As always a female of donor status must have generations of Dams and Sires that combine elite genetics, maternal traits, performance and predictability. Therefore her granddam, OSU Empress 3100 needs no introduction in terms of genetic royalty! Her impressive phenotype propelled her to an incredible show career. Being crowned a two time Supreme Champion Female at the Toronto Royal in 2014 and 2015. Including a two time "Top Ten" finish in the CWA Beef Supreme, first as a bred heifer, then as a 2 year old with her calf at side was a feat very few have conquered. When we purchased Empress 103 aka "Duchess" out of the 2021 Falls View sale we knew our journey with her would be nothing short of exciting. But truthfully we feel the journey has just begun. "Duchess" has carried on the legacy of her Dam and Grand Dam as expected. In 2022 Duchess was awarded numerous Champion and Reserve Champion titles in the yearling heifer division. Most recently, "Duchess" with her Prowess heifer calf, were crowned the 2023 National Champion Angus Female as well as being selected into the "Top Ten" in the CN Beef Supreme at Canadian Western Agribition. This is a very prestigious honour that we are more than humbled to have received. Opportunity awaits folks, let Premier Empress 103 create your very own journey and make your dreams become reality. Just like she has done for us!

- The first & only chance to have the first ever Ponderosa calf with your own tattoo
- Ponderosa has taken the cattle world by storm with semen fetching \$1200 per straw and hard to obtain
- Noted as the thickest bull alive, the baby inside much upside either male or female
- Allegra 2E herself is making her way to elite status, a daughter was a high seller to Ellesmere and we expect many offspring this coming spring
- Note 2E's mother is a full sister to KKG 2A who was a past \$40,000 Strongbow donor
- Recip is due to calve March 26, and is a purebred Angus cow in great shape

ALLEGRA 2E

MAT SISTER TO PREGNANCY

Ponderosa the bull that is on the radar of the Angus world and already has begun to write his own chapter in Angus history. He started as the popular high selling bull out of the 2023 Schiefelbein Farms Bull Sale where he was regarded as the thickest Angus Bull in existence. He went on to set new records when his semen sold for \$1200 a straw in the Spring Fling Sale and later in the fall the momentum continued on with Ponderosa embryos selling for \$3750 per embryo. Never before has there been a time or a push in history to get back to good functional, deep-bodied, correct Angus cattle. Ponderosa is leading that charge with his mass, performance and fleshing ability while adding style and balance. If you are looking for that special bull to breed your best donors too or if you have a pen of outstanding females to breed, consider Ponderosa as he will add not only quality but also value to every future mating.

LOT 38

When we were on the hunt for our next black donor cow, we knew the R Plus Dispersal was a once in a lifetime opportunity to find that special one to elevate our program. Studying through the catalogue, 5345C was certainly on the short list of cows as she's had a strong proven production record including the high selling heifer calf at \$48,000 in the R Plus Dispersal. In Marlin's words, 5345C was as good as he could make them. We have successfully flushed 5345C twice and she has knocked it out of the park averaging over 24 embryos and have proved to be sticky. The flush can take place as early as February 2024, or if the buyer chooses, they can flush in April 2024 and implant fresh embryos into Harvie Crest recipient cows. **Flush will be done by Bow Valley Genetics. Harvie Crest will guarantee 6 embryos and split after 15 embryos. Buyer is responsible for supplying semen and flush cost. Guarantee 3 pregnancies.**

- Estevan has created worldwide attention for his outcross pedigree, calving ease number and dark red colour
- He was the \$70,000 top selling bull at the record setting R Plus Dispersal where his mother has now entered into the Donor pen at JP Cattle Co
- Tremendously stout, huge footed with so much natural “goodness “ in him as Marlin would say
- These genetics are hard to obtain with Sochi semen not available either, look for Estevan to be the one to flush that elite donor cow in your pen
- The only semen to be offered for the 2024 breeding season

TANDING SO TRUE ON EVERY CORNER, THE MAN OF THE R PLUS DISPERSAL

RBM KEYSTONE H41

RBM Jasmine F251 is the donor behind the \$34,000 RBM Keystone H41, who is becoming one of the more heavily used sires on either side of the border due to his mass and power with a look of quality. Jasmine boasts a genetic profile that ranks her in the top 25% of the breed for 10 different traits including 15% WW, 20% YW, 25% MILK, 15% MTL, 6% UDDER, 6% TEAT, 25% CW, 6% REA, 2% MARB, 20% TSI. She has been a prolific producer, averaging 13.7 freezable embryos per flush. We feel that she is a glimpse into the future of the breed. She offers an ex-

tremely attractive profile in tandem with a cutting edge genetic profile and an outcross pedigree. This is a proven producer that is in the prime of her productive life. She sells open and ready to flush.

TERMS OF SALE:

Selling full interest in the Canadian embryo rights. Your name (or names) will be placed on the paper as an owner. You will receive a minimum of 25 embryos, by the sires of your choice, with an open top. We respectfully request that you work with the 3 other U.S. owners to get into an agreed upon flush rotation. This is an embryo interest only; no U.S. natural born interest goes with it.

LOT 41

Sauternes 044 is as unique of a heifer as any we have sent north to date. A daughter of the celebrated DF Outrageous, combined with the predictability of the Chardonnay donor, this mating merged the two best cow families we have to offer. Already set into motion with a calf champion banner in Toronto, this one is well on her way to stardom. This is an exquisite show heifer and, more importantly, a future donor capable of taking any program to the next level!

LOT 42

It is no secret what the Peaches cow family has done for countless seedstock operations. Alton Peaches 2132L is no exception to the mold. With prolific matriarchs in her immediate background, having the likes of SOS Peaches 42B and TMJF Beryle 447B. We love her extra stoutness, heaviness of structure and elite presence 2132L has. Being a huge featured female with an exceptionally long spine, is massive through the center portion of her body, big hiped, deep flanked, topping off her superior look of balance from the side profile, with an extended stride that always hits it's mark. This will be the first time a female of this mating is coming on the market, with two full brothers selling exceptionally well. SOS Pandemic 168H and HWY Khrome 12K both selling into leading breeding programs in the industry. If you are looking for a female with a track record this is her. A high quality pedigree saturated with industry icons. A proven mating with two full sibs working in prominent and respected herds, also having an EPD package that is very hard to replicate. The home work is already done, there is no guess work with this power house of a female ... Bid To Own.

ANL POLLED HEREFORDS 2024 CALF CROP

LOT 44

Never before have we offered free range on our entire upcoming 2024 crop. With the use of extensive AI and surrounding ourselves to only proven cow families we feel our cowherd has never been as strong as it is now in our 50 plus years of membership. In 2024 we will calve approx 200 plus cows that have the ability to be as maternally made as we can do from our bull battery that we are very proud including the 2022 CWA Grand Champion Bull. Pictured within this lot are just a sample of our accomplishments within the last couple of years. Please call ahead for a list of future matings and discuss the opportunities of the 2024 breedings.

CONSIGNED BY ANL POLLED HEREFORDS

This one is pretty special in a lot of ways!

Being the first female Madison has showed that carries her very own prefix and tattoo. To say there was a bit of arm twisting to get her to headline our Hereford division is an understatement!!

This late February heifer calf is not one that you want to miss out on. MCE Roxy 336L was selected Reserve Grand Champion Female in the 101st Royal Agricultural Winter Fair. She is sired by the famous Boyd Blueprint. Her grand dam is non other than Brendale Premier 301 Roxy 212D who was selected Supreme Grand Champion All Breeds Heifer in the 2017 National Junior Beef Heifer Show at the Royal Agricultural Winter fair. Her dam is out of the great Perfecto.

She is feminine throughout her front third while maintaining an abundance of natural thickness and is extremely correct in her design. She is a female that can get out and move and is ready to make a junior very competitive in the show ring as well as be an asset to your herd.

RVP CAMEO GIRL

Cameo Girl is literally writing chapter after chapter of success. She herself is a past CWA Grand Champion female, Top 10 CWA Finalist, and Miss World Champion the same year. But most importantly is her production record. Of course her most notable, the Supreme Champion Evolve, but she also has a herd bull at Topps, MJT, Heart F, GLM Herefords, Frasers, and multiple daughters retained in our herd. Cameo Girl is well numbered and can be mated any way and will deliver to the top! **Terms: guaranteeing 6 grade A embryos with an open top . Buyer pays all flush costs. 1/2 down now , 1/2 at the time of flush**

Evolve has certainly caught worldwide attention not only for his claim of Supreme Champion at CWA '23, but his overall genetic makeup that destines him to be a major breed improver. His dark red presence is so eye catching matched with his perfect skull and ability to travel like a kitty kat. His bone structure has been commented on often and that big massive hip that carries up to that perfect masculine neck. His mother is a cornerstone in our herd and we feel Evolve has the genetic merit and phenotype to be a breed influencer for some time. **Semen stored at Alta Genetics**

Hot on the heels of Agribition, we have some exciting embryos to sell. It is hard to know where to even start to describe them and the cool genetic opportunity they present! They are a combination of the Agribition Supreme Champion, Glenlees AXA Evolve ET 112J and the famous Harvie Firefly family. Evolve should need no introduction after his undefeated waltz through the ring at the 2023 Agribition. Champion Polled Hereford Bull and Supreme Champion in an impressive field of bulls. He is a lot of fun to look at. Packed full of meat, freckle faced and cherry red in colour, we have admired this bull since he was a calf. Harvie Ms Firefly 55C. She was one of our favourites in the Harvie Dispersal sale in 2020. We ran out of steam in the bidding war and she was purchased by Remital West and Wooden Shoe Farms for \$18,000. She has been a successful donor in their programs. When the chance to buy a flush on her presented itself, we jumped at the opportunity. Now it is your chance to dig in and take advantage of these powerful genetics.

WEPPLER CATTLE COMPANY

Braeden Weppler
117078 Grey Road 3 RR 4, Tara, ON N0H 2N0
519-375-2625
braedenweppler@gmail.com

TERMS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the appropriate breed association, unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH

All animals in the sale have met all necessary health requirements.

GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the appropriate breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE

We strongly recommend that insurance is purchased for full value.

ERRORS

All announcements at sale time, written or oral, supersede any written material in the catalogue.
