

PREMIER & GUESTS

FALLSVIEW VII
**ON THE
TRACK**

DECEMBER 30, 2024 7:00 PM EST TORONTO ON WOODBINE RACETRACK

WELCOME

What an exciting time to be in the agricultural business, specifically in beef cattle production. We have been hearing for years that the good times and higher markets are ahead and by god it's here! This last fall feeder calves, slaughter bulls and cows have hit all time highs! Now is the time to forward your program and put it on the right TRACK!

It's hard to believe this is the 7th year of Premier & Guests Production Sale, we have seen many changes over the years and are looking forward to inviting you to join us at our new venue the world class Woodbine Raceway. The sales pavilion at Woodbine is world renowned for auctioning of the most elite Thoroughbred Horses in the country, and we will maintain that very same tradition of excellence with the most elite offering that Fallsview has ever presented.

As you look through the sale offering you will see many of the same cow families represented in this year's sale as in our very first sale held in 2018 and throughout the proceeding years. This is a testament to the quality and predictability of the genetics we aim to offer. Take note of the many success stories that have come from purchases made through this very sale.

The offering is outstanding! However more importantly are the names and faces that bring them to you. I am truly honoured to know all the consignors and refer to them as friends we have made over the years in what we feel is the best fraternity in agriculture. I am confident in saying the people behind these lots will go above and beyond to help you be successful!

Consider this a personal invitation from myself and the consigners and T Bar C to join us December 30th at the famous Woodbine Raceway for some festive cheer and our famous brisket dinner with fellow cattlemen and cattlemen.

FROM THE DESK AT T BAR C

Power stacked to say the least, its no hidden secret Fallsview is one of the so called "sacred" sales of the entire year. The imagination of Peter Frijters, Rob Hasson and their entire crew is something we all need to be thankful for. The market place this sale creates for both buyer and seller is something unmatched in the purebred cattle sector.

This year even more excitement surrounds this event with the move to the world renowned Woodbine Racetrack. I'd encourage people from far and wide to attend as you'll see on the next page how convenient this location is to the Toronto Airport.

To touch on the cattle involved in this years sale, we are not only proud of the line up assembled but you can be rest assured we've done everything in our power to have the best of the best included in this offering. As always please contact any of us at T Bar for any questions or how to be involved in certain lots available in the sale.

One final thought, we've said this now for 2 years, but we've never seen evaluations on cattle at any level this high.. ever! We promise you the genetics for your attention in this sale are the kind that no matter the pattern of markets will always have the utmost value. If your going to have cows, have the nicest ones you can as it will always pay! See you on the track.

PLS 405M

12/01/2024

Lot 1 is always a highly debated discussion throughout the year. However, this year Empress 405M garnered the slot pretty early on! Here is a female that is as unique as any we have produced to date! We really appreciate this female for how bold sprung she is through her center body, while maintaining the elegance in her front one third of an elite show heifer. When in motion she makes movement look effortless.

405 stems from a time proven family. We purchased the OSU Empress 3100 female in 2014. She had as much success in the show ring as any female in recent times, being the only two time Grand Champion Angus Female and Supreme Champion Female in both 2014 & 2015 at the Toronto Royal Agricultural Fair as well as a two time top 10 Qualifier at the prestigious CWA. Her impact as a breeding female has been felt by Angus breeders all across the country. Daughters and Granddaughters have topped several sales across the nation. Empress 405M's maternal sister Premier Hasson Empress 103 sold thru this very sale as a heifer calf in 2021 to Nat Grylls and then went on to be named Canadian National Champion Female in 2023 for Nat Grylls.

An opportunity that only presents itself at Fallsview!!

2014 & 2015 Supreme Champion
All Breeds Female and Grand
Champion Angus Female

Flush on **Empress** ⁶⁰⁹

PREMIER HASSON

Consigned by Premier Livestock & Hasson Livestock

Here is an opportunity with endless potential!

Empress 609 has more width, muscle and power than your average style cow which we attribute to come from her dam OSU Empress 3100 a cow that has had an immense impact in our program along with many others. Her direct daughters have been sale toppers at many sales including the inaugural Fallsview sale as well as the prestigious Angus sale at the Toronto Royal Winter Fair. Just recently her granddaughters are following along in the same footsteps such as the outstanding Six Mile Empress 98M for Six Mile Ranch in Saskatchewan or the Empress granddaughter that was a added feature lot of this years Toronto Royal Winter Fair for the good folks at Dudgeon Cattle Co.

The winning bidder will have many options to consider, you could replicate Premier Hasson Empress 103J the 2023 National Champion Female for Grylls Cattle Co who was purchased thru the 2021 edition of Fallsview. Or make full sibs to Premier Hasson Empress 405 the Lot 1 heifer whose future is very exciting. Or you can use the sire of your choice, which ever way you decide to go, it will be an exciting venture!

This one is possibly the safest bet of the night!

The Barbara cow family has been the feature high light of the past three Fallsview sales, with her granddam highlighting the 2021 sale where after a fast pace spirited auction she was purchase by the good folks at Hillspride and her daughter at side sold to the very astute program at Derrer Farms. Barbara 4002 herself was purchased as an embryo package by our good friends at North Huron Angus thru the 2023 Fallsview Sale. With great success Ray gave us the pick of the resulting heifer calves to feature in this year sale.

The dam of 4002 needs no introduction if you been following along over the past few years. 117J has not only captured the attention of many who have seen her at various shows throughout the country but more importantly when you see this individual on green grass, she's the one that stops everyone in their tracks. Combining that with the very impressive Coleman Glacier a sire who has added as much maternal traits with tremendous feet as any in recent times makes for a female that has the ability to anchor the best of programs along with having a lineage second to none, this female combines the phenotype of the very elite. She was just recently crowned

Intermediate Heifer Calf champion at the Toronto Royal Winter fair.
Here's a beautiful patterned female with all the bells and whistles!

PLS 425M

23/02/2024

Arguably the one that may have the most income earning potential of the entire offering!

Sired by BC Robust is very fitting as she is a robust, dense made female. 425 is a direct daughter of the legendary PFLC Barbara 17F who was the headline female of the 2021 Fallsview Production Sale selling to the great folks at Hillspride, and a maternal sister to Premier Hasson Barbara 117J.

117J enjoyed a successful career as a show heifer being named Reserve Champion Female of the most competitive Junior Show in Canada, the Masterfeeds Junior Heifer Show at the Toronto Royal Agricultural Winter Fair, as a yearling and then went on to be named Senior Champion Female the following year as a two year old with an outstanding heifer calf at her side.

Just as a trifecta in horse racing, we think Barbara 425 offers the same, she has the look, the pedigree and the marketability to become a big league donor!!

C

A Woodbine, 2024 Champion Int. Bull Calf
 B Dam, Blackbird 35H
 C Sire, PVF Marvel 9185

We are proud to lead off our consignments with HASSON WOODBINE 2024! From early on in this guy's life, we couldn't help but be drawn to him. We knew he was the kind we wanted to use on our cows. I still don't know how, but with a lot of convincing Pete and Ben were able to talk me into consigning him.

WOODBINE 2024 is a unique opportunity to get in on something special. He is good footed, big boned, cool fronted and stout featured with massive shape and dimension. He has tremendous length and performance, all while maintaining a balanced look that is desired in every facet of the cattle industry. Regardless of where your priorities lie - this bull has it covered. Performance? Check out his exceptional weight per day of age. Eye appeal? He already has a winning record in the show ring. There is no need to choose - WOODBINE's got you covered and offers a whole lot more!

His sire PVF MARVEL 9185 who stamps his offspring with added dimension, structural soundness, combined with his strong pedigree makes him a powerful sire with impact and style. He adds his flawless design, which blends deep rib shape, extra body and added dimension in the hip.

His dam HASSON BLACKBIRD 35H is a moderate framed, picture perfect cow. She is good footed, feminine fronted and deep bodied. Her sire BC LOOKOUT 7024 is well known for his ability to sire attractive, elegant females.

His granddam CONLEY BLACKBIRD 305 was one of the high sellers from Conley Cattle in their production sale. CONLEY BLACKBIRD 305 combines the genetic powerhouses of BC MARATHON 7022 and EXAR LUTTON 1831. WOODBINE 2024's granddam is the dam of Lot #15 HASSON BLACKBIRD 305M.

WOODBINE 2024 was selected Champion Intermediate Bull Calf at the 2024 Royal Agricultural Winter Fair.

Selling terms to be announced sale day.

This late March female is maternal in her design, with overwhelming mass and dimension. Her neck ties so neatly at the top of her blade, which remains perfectly smooth to the point of her shoulder. She is tucked up nice and neat at the base of her chest floor and transitions with unbelievable progression of depth back into her rear rib and flank. The set to her hip and hind leg is simply impeccable, while her pin set remains wide, square and stout. QUEEN 1M is fault free and sound in her structural base. It is hard to come by an Angus with this much substance, bone and hair! Females like QUEEN 1M are the kind that you build cow families around!

Her granddam HAWTHORNE QUEEN 1R was selected Grand Champion Female at the prestigious 2006 National Junior Beef Heifer Show, Royal Agricultural Winter Fair, exhibited by Allison Nesbitt (Argue).

Her sire PVF MARVEL 9185 breeds in style and added dimension, structural soundness, combined with his powerful pedigree making him a powerful sire with impact and style.

QUEEN 1M won her class at the 2024 Royal Agricultural Winter Fair.

Ellie

HASSON 60M

Consigned by Hasson Livestock

ELLIE 60M resembles her full sister who sold in this sale in 2023 to ZWT Ranch from Crossville, Tennessee for \$50,000. Just like her sister, she is feminine fronted, smooth shouldered, long necked, deep bodied and good footed. ELLIE 60M has tremendous depth of body, balance and eye appeal. We love her foot size and added bone, maintaining an athletic stride and balanced look of structural correctness. If you like cattle with extra presence, ELLIE 60M is your speed. Her dam CLAIR LANE ELLIE 1406 is deep bodied, good fronted, with balanced structural power. Her great granddam TOP LINE ELLIE 0637 was our pick of the 2006 heifer calves from Top Line Farms, Illinois. ELLIE's are stamped alike, with all the trademark consistency that we are breeding for in our females. The sires in ELLIE 60M's pedigree are stacked with style, power and performance: Insight, Density, New Day, Blacklist, Dameron First Class, Classen, Northern Improvement, Stockman 365, Traveler 004, Right Time and Marvel. Her sire PVF MARVEL 9185 combines added dimension with proven and predictable genetics. His structural soundness makes him a powerful sire with impact and style. He adds flawless design, which blends tremendous rib shape, extra body and added dimension in the hip, as you can see in his offspring.

A full sister to ELLIE 60M was selected Champion Intermediate Heifer Calf at the 2023 Royal Agricultural Winter Fair.

We reserve the right to one successful flush at the buyer's convenience and seller's expense.

BW: 72 LBS.

BLACKBIRD 305M is super feminine and long fronted, with exceptional eye appeal and balance. She moves with tremendous reach and flexibility off both ends and maintains that maternal look as she goes. If you like them good looking, with show stopping style, added muscle and a big square hip, look no further. Without a doubt, a favourite of many who have visited this fall. She blends all of this together with impeccable style and balance that can't help but grab your attention. BLACKBIRD 305M's dam is the granddam of Lot 10 HASSON WOODBINE 2024 .

Her dam, CONLEY BLACKBIRD 305 was purchased as the high selling heifer calf from Conley Cattle from Sulphur, Oklahoma. Kyle Conley said "This special sale attraction is an outstanding March show heifer prospect bred to be in the purple as her sire EXAR WANTED 9732B was the 2011-2012 ROV Show Bull of the Year, which included being selected as the 2011 Grand Champion Bull of the American Royal, 2011 Western National Angus Futurity in Reno, Grand Champion Bull of the 2012 NAILE."

BLACKBIRD 305M was a class winner at the 2024 Royal Agricultural Winter Fair in an incredibly deep class of January calves.
We reserve the right to one successful flush at the buyer's convenience and seller's expense.

From the top off our replacement pen we offer this genetic builder that has been a favourite around here all year. Stemming from the first calf crop of the pound crushing Souris River bull who was our pick of the 2023 Wheatland Bull Sale for his added dimension and overall width compared to most Angus bulls available. But to insure this heifer's future is the donor dam behind her. 75H was selected as the \$25,000 high seller from the Bandura Dispersal as she literally rose to the top in eye appeal and paperwork. The Resource x Three Rivers progeny has met and surpassed our expectations and we feel you'll fall in love with this gal once you see her in real life.

"MORE THAN JUST ANOTHER GOOD BULL"

Much More than just another Real Good Bull

It's been a significant amount of time since we've seen or heard of a bull like Hi Country 7L come into the Angus scene. Hi-Country is big crested, long bodied, wide based, stands on perfect feet and has that ultimate herdbull presence. We could describe Hi-Country all day with long footnotes and you can study all the pictures on this two page spread, but the very best thing is to see this bull in person or talk to someone who has. He is something special and I see it in the face and reaction of every good cattleman when they lay eyes on him.

All the numbers are in the right place.

- A negative BW with loads of performance and heifer approved.
- Large 40 CM scrotal and 1600 lb March sale day weight.

He ranks at the top of the entire breed in some of the most important traits:

Top 1% for Weaning weight
 Top 1% for Yearling weight
 Top 1% for Scrotal
 Top 1% for Hoof angle
 Top 3% for Hoof claw
 Top 1% for REA
 Top 3% for Carcass weight
 Top 1% for Milk

- Incredible mother and impeccable udder with Hi-Country being her first effort.

These are just some of the reasons he commanded a \$185,000 sale price. If embryo transfer is in your future or breeding your very top cow, we urge you to consider Hi Country. The real great ones just get more popular with time. Hi-Country already has a big fan base and I can only imagine how popular he will be in a few years time when his progeny are out topping sales across North America and proving what a lot of people already know.

Owned by: Strongbow Farms, Peak Dot Ranch, River Valley Cattle Co, and Hamilton Farms.

Pick of the 2025 Hi-Country heifers at Peak Dot Ranch.

Just as it says you will get to walk in and take your pick of 2025 born heifers sired by the very popular HF Hi-Country 7L out of one of Canada's largest and most prestigious herds. Hi-Country was used heavily at Peak Dot this past year and was mated up with several of the very best females on the ranch. We are super excited about these Hi-Country daughters coming up in 2025. I believe it is safe to say you can expect to see Hi-Country daughters that will have "the look" with volume, shape, substance and style that would make excellent show and future donor females with EPDs that run off the charts.

Heifer selection can be done anytime after weaning (October-November). Buyer has the option of putting 1/2 down now and pay the remaining 1/2 at time of selection.

Ellingson Hi-Range was certainly a pricey acquisition; however, we are extremely pleased to say he has lived up to our hopes and expectations, and more!!

A true calving ease specialist with growth and power to boot! Hi-Range will be a game changer for structure, foot quality and mobility. His outcross pedigree offers mating flexibility for a large cross-section of the breed.

The bulls are solid and ultra thick, low BW and the ability to pack on the pounds. The females are stunning, lots of middle, eye appeal and swagger that you can't deny! Hi-Range progeny blew the doors off the sale barn this spring with 23 sons averaging \$30,630 and with the first 7 heifer calves to sell bringing an average just over \$28,000. This would include HF Hi-Country 7L, the high selling bull for 2024 in our sale, going to River Valley Cattle, Strongbow Farms, Peak Dot Angus and Hamilton Farms bringing \$185,000.

Hi-Country could be described as the epitome of what we strive to produce in a herd bull. We feel he is one of the best breeding pieces we have ever created. For the past 2 yrs, the Hi-Range calves have topped the weaning crop and gone on to index amazing whether the calves are out of heifers or mature cows. The first bred females will calve in Jan 2025 which we are really looking forward to with great anticipation.

This is the first semen to sell at public auction, so if you'd like to get in on this excitement, jump in now while the bus is rolling and be a part of the Hi-Range rage and don't miss out!!

HF EVENING TINGE 118Z

HF TIGER 5T X HF EVENING TINGE 55N

STORED AT: DRI EXPORTABLE

Evening Tinge is definitely no stranger in the "Elite" Angus circles, as she has been identified as one of the most prolific cow families at Hamilton Farms. Pictured here at just short of her 13th birthday, Evening Tinge 118Z made her way to the donor pen the old-fashioned way...she worked hard year after year and earned it! Her phenotype, udder and foot quality, disposition, fertility and ability to repeatedly score the "good ones" has branded her with Elite Status in our herd and the Canadian Angus Association. A daughter, Evening Tinge 38C was purchased by Bar-E-L for \$20,000 as a calf and has gone on to donor status for Bar-E-L and now for Murray Ranches. Yet another Evening Tinge daughter, 26E at Greenstone Cattle has also been given an entry card to their donor pen with comparable results. Another milestone was in 2023 when 5 full sibs sired by Showman sold in our spring sale and averaged just shy of \$30,000, going to great cattlemen across the USA and Canada.

When you sort through the Evening Tinge pedigree, you will discover that there are 3 Supreme Champions from years gone by...Greens Premium, Riverbend Powerline, and Tiger 5T. Proven and impressive!

- A Son of 118Z, HF Nexus 208K

HF TIBBIE 278J

SCHIEFELBEIN SHOWMAN 338 X HF TIBBIE 316B

STORED AT: DRI EXPORTABLE (GB)

A Full Sibling to Embryos

Tibbie 278J is a tremendous young female with loads of potential to really make an impressive impact in years to come. Her first calf, an Ellingson Hi-Range son certainly had the attention of many astute stockman at sale time and when the hammer was dropped, we were at \$60,000...not a bad feat for a heifer's first calf. Her performance on her first calf and the potential promise of her second calf prompted us to flush this young female to no other than Hi-Range and expect top quality and repeatability in the embryos on offer.

The terrific udder quality, the foot structure and the extension through her front third, her gorgeous angus head, and the repeatability of the Showman x Hi-Range cross are tremendous building blocks for an exciting future.

The Showman x Hi-Range combination has been outstanding in the first year of sales. They were hands down the matings of choice in our 2024 sale! A Hi-Range female topped the Agribition sale 2023 and 2024 bringing \$50,000 and \$32,000 respectively for 2 heifer calves.

Here is your opportunity for a home run on a mating that has certainly been proven many times over!!

B

Create YOUR OWN Chloe C815

- Offering your pick of our 2025 SAV Renown x Lawson Chloe Z341 heifer calves, who are full sibling matings to the famed C815
- Pick to be made by Sept 1st/25, we will calve and raise these females with your selection to be made early fall

As positive of a mark you can make in the Angus game today, and offering of such doesn't happen like this often. C815 has re-written the impossible as a cow who can produce either male or female. Listed in the support photos are just a mere idea of what this cow has done... imagine having a full sister to her. Renown cattle seem to always surface to the top, but none like C815. Literally this lot can put you in the drivers seat of Angus genetics to day. Just think of the embryo transfer opportunity that comes with this female for your own program yet also as generating vast income on embryo sales. C815 has had 4 daughters in Canada in the last year break \$50,000 per, but never has Canadian soil seen the chance of having a direct full sib to her. Fallsview on the rack from what were told is where the very best hail from, we sure feel this lot examples that to a tee.

The Erica's have caused a real stir in North America the last couple of years, namely Bar-E-L Erica 74A. With over 300 registered progeny in North America, there is no doubt that her sons and daughters will continue to dominate the sale ring and the show ring. Clair Lane 74A Erica 2302 features the million dollar combination of Erica 74A and Hummel Palermo, the Argentine sensation. Haroldson's AH Alpine 271L, a full brother to Erica 2302 sold for \$118 000 last fall at the Angus All Star Sale. Get in on these embryos, the mating to Firebrand is sure to make some flashy, structurally correct, big footed, thick made calves that will go on and into production. The mating with Firebrand has been tried, tested, and true with 74A. Now throw in Palermo, the true Argentine dream, and imagine the possibilities. These Palermo X 74A females are fertile, big footed, good ribbed, maternal in their look, but so elegant in their head and neck. Clair Lane 74A Erica 2302 is very unique, and will not be duplicated anytime soon. Palermo semen has been off the market for a couple of years now.

Last time it was offered it sold for \$12 000 per straw in Vegas.

Guaranteeing two 60 day pregnancies if implanted by an accredited veterinarian within one year of purchase date.

BW: 98 LBS.

Our friends the Nobles gave us a once in a lifetime opportunity this summer and now we are excited to share a piece of it with the public. The Soda Pop name is renown in the Canadian Simmental Association and for good reason. Soda's story started in 2014 as she was a part of the famous set of flush sisters that set records at FNL. After a long and very successful show career winning both Farmfair and Agribition she went on to be one of the highest generating females in Black Gold's donor arsenal. Eight daughters to date have sold at auction to average over \$30,000, with embryos fetching as high as \$3600. Soda is one incredible beast to witness in person, pure mass and power that is so sound for her body and age. 425B is a very generous producer when IVF'D. This summer at 10 years of age she averaged 75 oocytes and over 15 reverse sorted embryos per flush. This very well may be the last chance to buy a flush to the sire of your choice on the great CMS Soda Pop 425B.

Flush to be completed at Fradon between January 1st and March 1st. All flush cost to the purchaser. We will guarantee 10 Grade A IVF or 6 Grade A conventional with an open top.

All Eyez On Me is a fitting name, as it's hard not to admire her rare combination of femininity and pure power. Here we present a future cow factory brood cow. 2024 Barrie Fair Simm Heifer Calf Champ as chosen by Lee & Dawn Wilson, we fully stand behind this female to be a productive breeding piece for the new owner(s). Her homebred Shell Shocked dam has a phenomenal udder structure and teat placement/size. We are excited and proud of this young female and we hope you like her!

Matriarch

RPCC CFFI XCEL Consigned by River Point Cattle Co., Clarke Family Farms Inc., Xcel Livestock

229M

When the iconic LFE BS Sheila 82A came up for sale, we couldn't help but grasp at the opportunity! We partnered with the Clarke and MacIntyre families and brought Sheila to Ontario. We then flushed her to the \$317,000 Wheatland Man O' War 907G bull. We think by combining the sheer power and predictability of Sheila to the baldy style of Man O' War, the possibilities were endless. Sheila has also placed in the top 5 at Farmfair Supreme Show, and the in the top 10 at Agribition's Supreme Show.

Matriarch 229M will be sure to impress you sale day with her powerful yet flashy physique. Long bodied, deep made, feminine style, with the added bonus of being tested both homo polled and homo black! Flushmates have been sold to elite herds across Canada. Here is your chance to get the last of this mating.

Touted by cattlemen both North and South of the border as one of three best OMF Epic females to ever be produced, Rhythm 125M has made her mark in a short time. With a huge spread in numbers, she not only combines an EPD profile to strive for, but the phenotype and maternal build to stand the test of time. When building our Simmental program, the Rhythm cow family was a logical choice to build around for their superior structure and foot quality matched with extra look and maternal quality we demand. 125M showcased these traits as her and her mother were recently named to the Top 5 Supreme list as well as Reserve Champion Simmental at the 2024 Toronto Royal.

ALTON **Debut** **2171M**

Consigned by Alton Century Farms

Alton Debut 2171M is a striking blazed face female that offers a look of quality and style from the side that will satisfy even the most discriminating eyes in the business. 2171M is a powerful, ultra soggy, maternal built daughter of the out cross Perks Potent 309H and backed by the Debut cow family, where udder structure and quality are a staple. 2171M is a very valuable and unique breeding piece that deserves a serious look if your in the market for a breed enhancing program matron! Alton Debut 2171M is complemented by her extreme proportions. 2171M is so long sided, clean chested and unbelievably robust in shape of her forerib and center body. Watch as she takes a long and confident stride. 2171M is a high quality female, extremely complete that will always compete based on fundamentals alone! Alton Debut 2171M is an elite breeding piece with a world class future.

Sometimes the opportunity comes once in a lifetime to get in on the ground level, of a world record setting Simmental bull you have to grab it!!!

Here is FRKG Alpha 311L, the \$700,000 world record setting Simmental bull at the 2024 Hartman, Cattle Co. and Guests bull sale, where Clarke Family Farms Inc and Jon-Ern Farms Limited were able to be in on the syndicate to lock up the Canadian Semen Rights.

Alpha 311L is out of the record setting STCC Tecumseh 058J. A sire that is stamping his calves out with style, power and performance. His dam is the Prolific HCCO Countess 174F "948" donor dam that is the cornerstone breeding piece in the illustrious donor pen at Freking Cattle Company. The first 11 progeny to sell by auction tallied an average of \$39,909 USD. per head! Its safe to say that "948" is undeniably the most constant producing female in the Freking Family Donor pen.

FRKG Alpha 311L has been the a standout since the day he was born. He offers the look of quality, soundness and genuine shape that is simply unmatched.

Pick of the **GOLDEN OAK**
Heifer Calves

After much thought, we are excited to offer the pick of our 2025 Hereford heifer calves for the prestigious Fallsview sale! We have never offered a pick before but feel the timing is right, as we believe the quality of our Hereford cowherd has grown to produce the caliber of cattle it takes to make this type of offering.

The dams are out of some of our leading herdsires; SHF Ice Box, SHF Hodgeman and Haroldson's Royal and are mated to none other than Haroldson's High Country and SHF Ice Box who are our two walking bulls, along with some AI sires. Along with natural calves, we have some exciting ET calves hitting the ground this year out of two of our cornerstone females 1C and 111E. This exciting opportunity allows you to pick straight from the heart of our foundation female program and add a building block to your operation.

Selection to be made by September 15th, 2025.

SELLING 50% EMBRYO INTEREST

Since purchasing Cameo Girl she has given us herd bull after herd bull. Her most notable son is Evolve, the 2023 Supreme Champion Bull at Agribition. Then there is Element, who's daughters are making a strong presence in our herd now; Humbolt, who sold to Topp Herefords and Pelton Herefords; Maximum who went to GLM Herefords in Kansas; Form who is working for Kevin Fraser; Crave who is working for Ryan Irwin, and Devout who is a herd bull for us and MJT. A strong testament to Cameo Girl in being this herd bull producer!

She is open right now as we flushed her very successfully this summer. In 3 flushes she gave us 67 embryo's — 22, 24, and 21 embryo's! Our inventory is high and we would like to offer a chance for someone to benefit on her genetics as well. She is ready to be flushed again soon if the buyer wishes.

We went back and forth on selling this one but having the chance to take part in the Fallsview sale with this unique heifer pushed us over the top! TOLC 4M always catches your eye and definitely commands a second look. We have shown her this fall and she had great success placing very well in shows from Nova Scotia to Quebec. Whether you want to compete next year in the showing or have a heifer to produce some unique offspring, she can do it all. Her dam, Churchill 7255E has an excellent udder and ranks high for fertility, milk and maternal values. Her sire, Churchill W4 Sherman, needs no introduction after selling for a record breaking \$160,000 USD in the 2023 Churchill Bull Sale. His dam is a power cow and his calf crop in 2024 has been spectacular. Twelve Oaks 2157 Lady 7255 4M has a presence in the showing, deep performance pedigree and numbers to back her up in the field, this is one of the first chances to get your hands on Sherman genetics sold in Canada so don't miss this opportunity!

Pick of the **STONEWOOD** *Grange* Heifer Calves

We are very excited to offer this unique opportunity of the pick of our 2025 heifer calves. Our family passion has been breeding Herefords for generations. There will be a strong selection of calves available out of industry leading sires. KJ Liberty, NJW Longrange, Haroldson's High Country, The Profit, About Time, Final Print, Dominate, Haroldsons Pavatti, Churchill Amsterdam, On Demand, BR Validated, and a few others. Out of proven and valued cow families; Rose, Susie, Wendy, Chauntel, Remember Me, Princess Firefly, Supreme and Lassie to name a few. We strive to breed competitive show females from strong cow lines that can breed on and produce. The pick will be from every female born at our place, both ET and natural calves, nothing held back. Many siblings available from several past successful show heifers. Selection to be made by July 1st 2025. Second half of payment due at selection time.

Ice Box was the 2nd high selling bull when Glenlees and Golden-Oak bought him out of Sandhills bull sale. He is a moderate framed bull with a powerful hip and hind leg. He adds length of body and pigment into his offspring consistently. His first sons offered in the bull sale this spring were very well received and his daughters are gaining momentum! We are highly anticipating calving them out this up coming spring for the first time. Take note.....He has a very balanced EPD profile with high carcass data!!

A Charolais heifer that is as safe a bet as betting on Secretariat was!!

Here's a Charolais heifer calf that we are very fond of, she is the 2024 Senior Heifer Calf Champion of the Toronto Royal Winter Fair Missy 407 is so unique in terms of her unparalleled structure. Starting from the ground up she's so sound and flexible, clean jointed and level in her hip design. We really like the way she transitions from her forerib into her shoulder and how extended she is in her front one third.

These Backwater Jack females are sure stirring up a lot of excitement and combine that with a Double Vision daughter on the bottom side of her pedigree that was a feature for Derrer Farms through a past Fallsview Sale, it's no surprise this heifer has been on many visitors favourite list.

Big time opportunity for anyone looking an elite heifer that will be competitive at the highest level!

2024 CANADIAN NATIONAL CHAMPION CHAROLAIS BULL

PCC Husk 218K has been a standout since day one. Husk has all the necessary tools to leave a large impact on the Charolais industry. Long, smooth and loaded with muscle Husk is a genuine combination of power and performance that can move around as free and easy as any bull you will find. Husk calves come easy with an average birthweight of 91lbs and grow well, he leaves that great look and presence he carries with his offspring that will translate to added value when you go to market those calves.

THE TOTAL PACKAGE - THERE IS NO GUESS WORK, JUST PROVEN

PERFORMANCE

DF Ms Chardonay 044 earned her wings the hard way - by making them one at a time and without fail, achieving near perfection every time. From a Supreme Champion Female at Beef Expo to the Reserve Champion Female at the Royal Winter Fair and multiple high selling prospects, 044 has proven to be a very elite female. Her dam, TR Ms Wyoming Wind 5604 is etched into some of the most revered pedigrees in the industry. Like her maternal sisters, 044 will become a cornerstone dam for generations to come. The mating to Outrageous is proven. The mating to Force of Nature is one we are very confident in.

DF **Divine** 048M

Consigned by Derrer Farms

DF Divine is an incredible prospect - not just as an elite show heifer but as a genetic piece for the future of any progressive operation. She and her two year old dam, DF Destiny, were admired in Toronto by some of the most respected cattlemen in our industry. This young female brings a lot to the table. If you want a big, bold, strong one that can win on any stage, don't sit back on this one!

ALTO 2166M

02/02/2024

Alton Roxanne 2166M comes from the Roxanne cow family that is a corner stone in our program and 2166M has lived up to the family name. Stacking the Berkly Anne cow in, the cow power that lines the pedigree runs very deep and is simply immeasurable, she is the product of the program! Alton Roxanne from the ground up is flawless in terms of her joint work and angles. 2166M takes a long athletic stride when set into motion. There is no denying the genuine quality, dimension and overall length of spine and volume that she offers. She is proud featured, ties high in her neck attachment, we love the natural turn and shape to her rib cage. 2166M is long sided, ultra-complete female that is certain to be a contender, on the bark and, more importantly, into production. Alton Roxanne 2166M is PA Free.

Built to win purple. This one will be a fun ride.

TERMS & CONDITIONS

TERMS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the appropriate breed association, unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH

All animals in the sale have met all necessary health requirements.

GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the appropriate breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE

We strongly recommend that insurance is purchased for full value.

ERRORS

All announcements at sale time, written or oral, supersede any written material in the catalogue.
