## Welcome from Leewood Ranch

On behalf of everyone at Leewood Ranch we invite you to our 9th annual Leewood Ranch Bull & Female sale. Thank you to all our customers over this past year and to all our past customers over the last decade.

We also need to give a big shout out to our hired hands Shea and our immigrate worker, Sara. There is no way I could calve out 480 cows and grain farm 1000ac without these two. Shea started with us 3 years ago and was told she can't quit for 60 years (I was also told that by Laramie.God help us when she runs this thing). Shea can do anything on the ranch but sometimes I have to give her a "let daddy do for you" lol. Sara helped us calve in 2022 and came back in the fall of 2023 to help harvest. So she is part of the family now and doesn't get any breaks on getting roasted or scared.

This will be the first calf crop off our two black blaze herd sires MAVV Hollar Back 13K and Sun Star Knockout 48K. Both have sired sons with performance, correct structure, vigor and a few white strips as a bonus. We also bought a share back on one of our 2023 high sellers, Leewood RS Loverboy 38K, this will be his first crop of bulls off our first calvers. A very easy calving sire that adds performance and the daughters are top of the pen also. The Fullblood pen is smaller this year with 75% of the fullblood cows having heifers in 2024. A few bulls sired the new but old bull Leewood FF Josey 7E, a bull we bought back from a customer as a 5 year old. Josey bred for us this spring and then made his way south to Golden Dawn Farms in Iowa. This year we have a very big selection of low birth bulls and several I think will work well on heifers.

We have only sold purebred heifers once before and decided to pick out a few this year to sell alongside the commercial heifers. There should be something for everyone come sale day.

We hope to see you MARCH 22 at the ranch!

Colt, Shannon, Cole, Laramie-Lynn and Coy Arnold

Sara and Shea

**LEEWOOD RANCH 9th ANNUAL SIMMENTAL BULL & FEMALE SALE**  
**SATURDAY, MARCH 22, 2025 @ 2 pm MST**

*Join Us for a Homemade Lunch Beginning at Noon!*

On behalf of Colt and his family, we invite you to the most honest raised bulls you'll see all throughout the season! Big sire groups and a whole bunch of Bulls created from 1st calvers, accentuates this bull pen.

Colt and his family raise "ranching" cattle. If you want seedstock that work, in the real world, have a big, and long look here please! In the summer months, these cattle run in vast pastures that the Arnold Family have access too.

Also, the performance once placed on a regitimated, but still a responsible, feed program, they naturally gain, is a virtue of the program. Colt has it bred into him to, and lives by this, to have bulls that last for a long time for the customer base. These people have been bull customers of many others from their own experiences! Their own commercial cowherd provides this info to them.

Some registered heifers, with long living ancestry, will also be offered. These are just the teasers to the 80+ commercial heifers sorted by color and size for your herd or bred heifer sale will be offered.

Please join us with the Arnold Family's annual bull & heifer sale on this Saturday style sale. If you have any questions, please let me know, or need buyer assistance, hence, in your absence, call our cell phones listed.

On behalf of Colt and Families,

Jaymes E. (Jay) Good

### ONLINE BIDDING AVAILABLE

DLMS Mark Shologan.....780-699-5082  
Dacie Przekop .....780-656-5513

### PAYMENT TERMS AND INVOICING

Accepted methods for payment are cash, cheque, e-transfer or wire. Invoices will be emailed and a copy mailed. Please advise if not received within 3 days of the sale.

### U.S. EXCHANGE

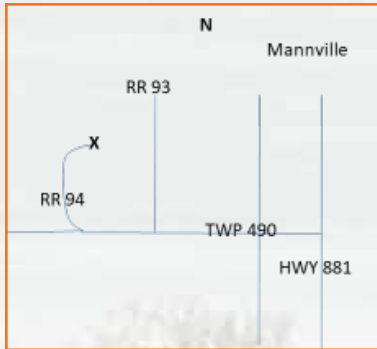

The U.S. exchange rate will be announced at the sale.

### TRANSCON'S ABSENTEE BUYER REPRESENTATION

The Transcon team is available to anyone that cannot personally attend to confidentially appraise, bid and buy on your behalf. This service is conflict-free as we are not paid any buying incentive fees by the sellers and we are not active Simmental breeders. This service is also provided free of charge to all prospective buyers. Please call our cell phones for our assistance you may require.

### DIRECTIONS TO LEEWOOD RANCH

From Mannville South on HWY 881 to TWP 490. West on TWP 490 to RR94. Take North fork into Yard.

### SEMEN RESERVE

We reserve the right to draw semen for in herd use on any bull in the sale offering. Semen will be at our expense and buyer's convenience.

### LEEWOOD RANCH BULL PROTECTION

We are offering a 4% Bull Protection Program. This covers your bull(s) from Death or injury while at Leewood Ranch from time of the sale until delivery. Leewood Ranch will refund the purchase price, less salvage.

### INSURANCE

Available Sale Day - Canadian Farm Insurance Crop - Heather Barr - 1-780-853-7067  
Buyers not taking insurance we recommend our Leewood Ranch Bull Protection

### DELIVERY

- For bulls returning to the Ranch we suggest that the bulls be insured. Each animal becomes the responsibility of the buyer as soon as sold.
- Heifers are to be picked up ASAP. We've had heifers go to customers in BC to Manitoba, so if buyers need a little time to set up trucking we understand.
- Deliveries will start around April 1, at our convenience.
- Bulls will be delivered free of charge to central points across the western provinces. We do our best to deliver your bull to your yard.
- Bulls traveling to the eastern provinces and for export will have trucking arranged at cost; unless other arrangements are made.

### USA & MEXICO EXPORT

We at Leewood Ranch will arrange for all tests and paper work required to export these bulls at cost to their new owners. It usually takes several weeks to get these tests completed and results back. Transportation will also be arranged at cost.

### SIGHT UNSEEN PURCHASES

Please contact us with any question on the cattle. We have had bulls and heifers sell all over Canada and some into the US "Sight Unseen" with no problems. We plan on selling cattle for years to come, so we will make sure the cattle meet your approval.

### LEEWOOD RANCH GUARANTEE

All bulls are guaranteed to be satisfactory breeders in accordance with the Simmental association guidelines. We stand behind our product. Should a problem occur please contact us and we will make it right. A replacement bull (of equal quality), a credit or reimbursement will be given. We will make sure you have a bull to breed your cows. Any physical injury or mismanagement of the bull(s), will void any reimbursement.

### BULL-BREEDING SOUNDNESS

All bulls will be semen tested before the sale. Bulls are tested for sperm motility, morphology and are also subjected to a physical exam. They are checked for any scrotal, penis and other physical problems that would affect their ability to breed. Any bulls failing these tests will not be at the sale. Any semen deferred bulls have been tested and have been deemed by the vet to mostly likely pass a semen test at a later date. These bulls usually fail, due to age or weather problems.

**This Sale will be a  
100% Video Sale!**

#### Why Video?

- less stress on the bulls & heifers
- less chance of injury
- less help needed to set up sale
  - quicker sale
  - warmer in the barn

*Join Us for a Homemade Lunch Beginning at Noon!*

## POLLED TESTING

A select number of bulls will be Homo Polled tested.  
 Homo polled = no horns on any Calves  
 Hetero polled = 50% polled calves on horned cows

## COLOUR TESTING

Some black bulls will be tested for colour expression. Homo black bulls will not sire any red calves. The fullbloods and a select few red bulls will be diluter tested. Bulls testing diluter free can be crossed with black cows and will not give you any grey calves.

## EPD's

Epd's are basically a Mathematical estimation of a animals genetic value. They are not always right but they can help in choosing your breeding stock. Below is a list of the epd's and what they stand for.

Abbrev. Description Units

CE -Calving Ease %	BW- Birth Weight
WW- Weaning Weight	PWG- Post Weaning Gain
YW- Yearling Weight (WW + PWG)	MCE- Total Maternal Calving Ease
BWM- Birth Weight Maternal	Milk -Milk
MWW- Maternal Weaning Weight	Stay- Stayability
CWT- Carcass Weight	REA- Carcass Rib Eye Area Square
Fat- Carcass Fat Thickness	Marb- Carcass Marbling Marbling Score
API- All Purpose Index	TI- Terminal Index

## EPD Breed Averages Spring 2025

CE	BW	WW	YW	MCE	MILK	MWW	STAY	CWT	REA	FAT	MARB
8.1	3.4	78.6	114.4	4.4	26.2	65.4	15.2	26.4	.88	-0.097	-0.03

## EPD Minimum

-5.8	-8.0	20.9	24.0	-10.9	6.6	32.4	1.8	-12.0	0.06	-0.174	-0.54

## EPD Maximum

CE	BW	WW	YW	MCE	MILK	MWW	STAY	CWT	REA	FAT	MARB
22.8	13.8	126.6	190.4	15.8	45.6	93.9	26.6	87.9	1.54	0.068	0.73

The bull feeding program is built to maximize forage utilization, gut health and as a result quality sperm production. Nutritional status of a bull, particularly from the previous 60-days can affect the semen quality being ejaculated today. Sperm production is a continuous process and proper nutrition is critical to maintain peak fertility and longevity of bulls. Bull calves are generally developed on grass with their mom's on a quality mineral program.

Once bull calves are weaned, they are slowly moved onto a balanced TMR. The bulls are challenged with a forage-based TMR to help them develop and express their genetic potential. This is important for consistency of maturation and puberty of bull calves. Sampling and analyzing forages are important for properly balancing the overall

ration. Forage quality and digestibility are important for maximizing ruminal health. Matching suitable protein sources with proper starch with the available forage sources is key to promoting lean muscle growth. The addition of organic minerals are used to ensure proper immune function and overall health of bulls. All of these factors contribute to semen quality and conception within a herd.

If you have any questions about the nutrition program, please feel free to reach out. Buy with confidence knowing the bulls have been developed on a balanced nutrition program.

*Best of luck on sale day!*

## THANK YOU TO ALL THE 2024 BUYERS AND BIDDERS

## FEED & DEVELOPMENT

The Bulls were weaned later than usual this year and were put back on grass until early November. In November they were started on a TMR ration consisting of triticale silage, cereal straw, rolled oats and mineral/protein supplement from Bullseye Feeds. The purebred and commercial heifers were weaned in early November and put on fall grazing until Dec 15th. They then started on a TMR ration.

## HEALTH

All bulls will be vet checked, scrotal measured, weighed and semen tested. All sale cattle are on a full health program. Our calves receive vitamin AD&E and Selenium at birth. Around a week of age calves receive the vaccine Bovilis Nasalgen. Before being turned out on grass calves are given Vira Shield 6 + Somnus and Covexin Plus. At weaning bulls are given Vista Once SQ, Vision 8 Somnus. Any questions on health protocols please contact Leewood Ranch.

- Hetero Black
- These Knockout sons are beef bulls
- Big butted, wide topped and deep bodied
- Grandam came out of the D Bar C Dispersal in 2009 and just had her last calf in 2024 at 16 years old
- Dam is a good uddered Max Factor daughter and has sold a son through the sale. Her only daughter was kept in herd.
- Dam had twin Knockout heifers in 2025 and they are favourites of my barn girl (Sara)

# 13 LEEWOOD BS CHUNK 8M

Polled Black Purebred / LWR 8M / BPG1490262 / MAR 22, 2024

- Hetero Black
- Youngest bull in the pen but he was too good to keep out of the sale
- Herd bull look since birth, off a Skors Panda daughter sired by IPU Bentley bull
- Dam checks a lot of boxes for us. She's moderate framed, big hipped, good feet, very feminine and perfect udder. Planning on flushing her to Knockout and a few other bulls this spring

# 18 LEEWOOD BS RAVEN 18M

Polled Black Purebred / LWR 18M / BPG1492579 / FEB 13, 2024

- Homo Black
- Raven is typical Tommy son. Good length, wide topped and deep bodied
- 917 lbs act ww and a respectable 806 lbs adj ww
- Dam is a jet black moderate framed cow sired by Club King. A bull we used for years on second calvers
- Grand sire is our old Lazy S Blk Linedrive 429Y bull that we should have drawn semen on. A powerful bull that just plain worked.
- 200D had a son sell last year in the sale and a daughter in herd. She has also raised 3 embryo calves

## HETERO POLLED

- 'Thats Vigor' is what I said when I tried to catch this little shit when he was born. He was like a jack rabbit and the cow wasn't telling me where he was.
- Built very similar to his sire tommy. Low set, long bodied and thick
- Dam is a embryo daughter out of BMS 45C. One of our top donor cows. We flushed 021H last spring and have several calves off her and Josey in 2025.
- 021H has a very nice udder and also milks well.
- We plan to flush 021H and her full sister 02H in 2025 again

- A dark red bull that just seems to catch your eye in the pen
- Out of a first calver with a 75lb bw and a 970lbs ww. Some impressive curve bending numbers
- Dam is a larger framed Black blaze face cow
- A touch of fleck with Edward on the bottom side. Should make some great replacements
- I'd recommend for larger heifers or 2nd calvers

SIRE OF LOTS 49 - 53

## HORNED FULLBLOOD, DILUTER FREE

- February born bull sired by Josey
- Long bodied and big hipped
- Dam is a bigger framed cow out of our Edward bull. We are liking the Edward females crossed to Josey. Both powerful bulls with Ed adding frame size.

## POLLED FULLBLOOD/DILUTER FREE

- Young March born bull
- Very smooth made bull that will calve easy but still has performance, weaning off at 800lbs
- Smaller BW off a 5th calver, Dam has never had a calf over 88lbs
- Dam has had 5 bulls in a row and all selling in the sale. Sons sold to Tricia and Robert Oneschuk, Laurenceson Farms, Francis Blue and MJM Enterprises.

 UDDER OF FULL SISTER TO LOT 51

## HORNED FULLBLOOD/DILUTER FREE

- Yes, No ears. That's how you know he came out quick lol.
- This guy was too good to cull for ears. Big weaning weight at 955lbs
- 6M will be a powerful herd sire that can make great females but still add pounds to the steers come fall.
- Dam is Great Grand dam to LWR 57M
- Full sister is our top fullblood first calver. Very good uddered and just a power house female
- All our Josey Daughters have good udders and have been good producers.

# FULLBLOOD AND PUREBRED HEIFERS

These heifers are fed beside our replacement heifers and will be in good condition but not fat. We really focus on our cows to have correct structure with good udders that are easy doing and highly fertile. In 2024 we bred 104 heifers for 60 days and had 2 open. I'm hoping these heifers can last for years for their new owners, so we won't be pushing them.

## HORNED FULLBLOOD

- Dark red granddaughter of the great Anchor 'T' Barbi 46K cow
- We had a few people ask about buying this heifer off the cow but I had her marked for the keeper pen.
- This heifer will be the type I'll probably regret selling

## 64 LEEWOOD BS VENOMOUS 4011M

Polled Black Purebred / LWR 4011M / BPG1499769 / JAN 1, 2024

- A sweetheart of a heifer of a first calver. Jet black and feminine
- Sired by Leewood BS Vertex. A bull I thought about keeping but he ended up selling in our 2023 sale.
- 4011M is a spitting image of her dam. The MRL Rattler daughters are hard to beat and they just flat out work.
- Grand dam is only a ½ blood but she has a really good knockout bull calf that will probably be in next year's sale.

# 67 COMMERCIAL HEIFERS

We will be selling around 80 head of commercial heifers in smaller packages. Closer to the sale date we will sort heifers into groups and have videos up on CattleVids.com along with the bull videos. Just like in previous years all heifers will be palpated for breeding soundness. Any heifers that have a small or ridged pelvis will be culled. If there are any questions call Colt at 780-581-8328 or 780-763-0084

## TERMS AND CONDITIONS

**TERMS** - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

**BID** - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

**SALES TAXES** – Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

**DISPUTES** - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASER'S RISK** - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**INSURANCE** – Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

**US BUYERS** – There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

**CATTLE PICTURES AND INFORMATION PROVIDED** - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

**ANNOUNCEMENTS** – All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

**SHIPPING** - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**BREEDERS GUARANTEE** - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

**HEALTH** - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

**EMBRYO & SEMEN** – Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

**ACCIDENTS** - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

**TRANSCON LIVESTOCK CORP. IS AGENT ONLY** - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.
