

RIGHT CROSS RANCH

14TH ANNUAL RED & BLACK ANGUS BULL SALE

APRIL 1 2025

1PM CST AT THE RANCH IN KISBEY SK

RIGHT CROSS RANCH
 Box 100, Kisbey, SK S0C 1L0
 rightcrossranch@hotmail.com

*Our Best.
 Always*

Welcome to the 14th Annual Right Cross Ranch Bull Sale! What a time to be in the cattle industry; the prices are strong, and the mood is optimistic. Finally!

We'd like to take this opportunity to thank the people in our corner. We have so many businesses, employees, neighbors, customers, friends and family that have our backs and help us to push Right Cross Ranch forward. Thank you; we appreciate your support!

As we prepare our 14th catalog, we get the opportunity to sit down with a coffee and reflect. We research each bull, the dams, their brothers and sisters, pedigrees, performance and have a look through pictures taken over the year. After carefully crossing our T's and dotting our I's on our 2025 sale offering, we're PROUD of the progress we've made over the years! We've always been particular about culling females that draw attention to themselves and man does it show! Our cowherd must work for us! We don't have the time nor patience to deal with the extra tasks that bad udders, bad feet or bad attitudes bring. I think most operations can agree with that statement. We think having high standards and hard culling on our end will hopefully result in bulls that will head into your program seamlessly, go about their jobs quietly, and take your cowherd forward! We strive to grow these bulls responsibly and work hard to find the right balance between "picture ready" and being sound, functional and athletic breeding machines.

We are always searching for ways to advance our program. Last fall, Brett & Chantel McRae, of McRae Land & Livestock approached us about purchasing their purebred cowherd. Most of their cows are similar genetics and Brett's management style closely mirrored ours; it seemed like a natural fit. Lots 37 – 43 carry the McRae prefix, are loaded with muscle, natural Angus characteristics, and are a real asset to our sale!

You'll notice that there are 4 2-year-old bulls that are born a bit sooner than the others. We used these bulls in our own herd last year. They will be tested for Trich and Vibrio tested before the sale. You'll also notice in this years catalog, more pictures! We know ourselves how hard it is to get off the ranch to tour other people's cowherds. We've made it a priority to provide you with support photos to help you make the most educated decision for your next purchase. Pictures are just pictures, and nothing beats an in-person tour, feel free to stop in anytime! We'd love to introduce you to our family, our ranch, our cowherd, and the sale bulls!

See you down the road,

The Andersons

NOTE:

We plan to freeze brand all of the bulls. If you'd like your bull done, please leave him with us, we'll get him branded and then delivered to you!

RIGHT CROSS RANCH NUTRITION

Nutrition: Right Cross Ranch grow their bulls on a high roughage total mixed ration. The Right Cross bull ration is based on corn silage, dry cut hay, brown oats, corn distillers and a custom formulated grower supplement specifically designed for Right Cross Ranch.

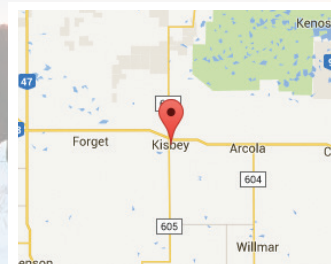

Ingredients: Corn silage is extremely palatable and a great source of energy for the bulls. The dry cut hay gives an added chewing factor to the ration. Corn distillers is a highly palatable source of "bypass protein" and has energy equivalent to barley grain. The main source of added energy to the bull ration is brown oats, a very safe form of grain energy. The custom formulated supplement is fortified with more than 100% of the bull's needs for trace minerals and vitamins in addition to balancing the macro minerals such as calcium and phosphorous. Rumensin is added to the Right Cross custom supplement to optimize rumen health and improve feed efficiency.

Management: Right Cross bulls are ranch raised and not pampered by any stretch of the imagination. Jim, Sarah and crew make sure the bulls come from a sound breeding program and then are precisely fed and tightly managed.

Be sure to check out this excellent set of ranch raised bulls.

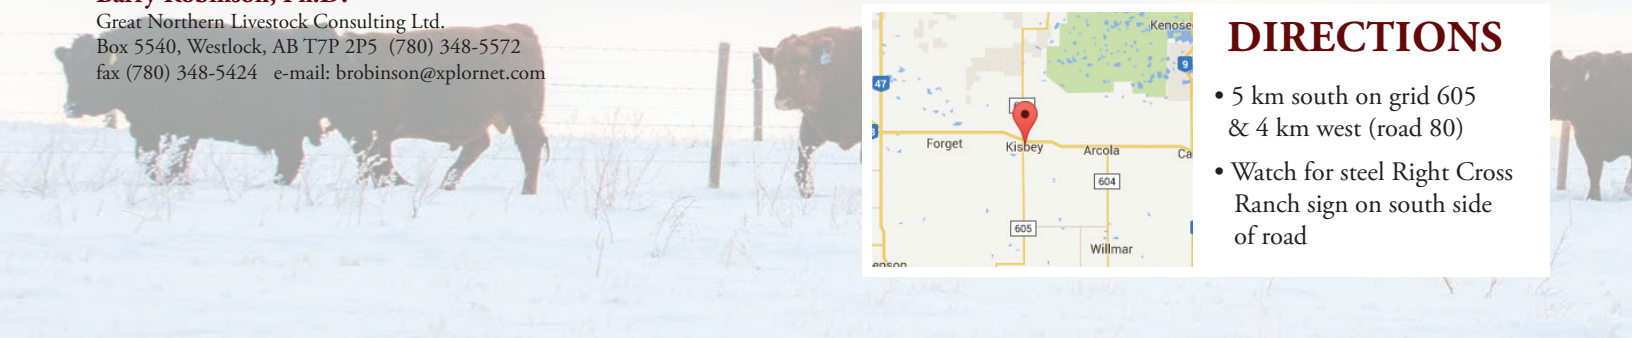

Barry Robinson, Ph.D.

DIRECTIONS

- 5 km south on grid 605 & 4 km west (road 80)
- Watch for steel Right Cross Ranch sign on south side of road

FROM THE DESK AT T BAR C...

Welcome to the 14th Annual Red and Black Bull Sale for Right Cross Ranch on April 1, 2025, at the ranch headquarters, Kisbey, Saskatchewan. For over a decade, the Anderson's have been supplying bulls and females for their customer base in southeast cow country. While building a functional productive cow herd, they have also raised a wonderful family in a western manner.

The 2025 offering is comprised of red and black Angus, both yearlings and age advantaged twos. The yearlings come out of the early calving pasture while the two-year-olds are late born, not old enough for big pasture services as many were born on grass, then run on summer pasture and finally readied for the sale. These rugged two-year-olds will cover a lot of bigger pastures, tougher terrain and add uniformity for your calving cycle. The bulls are supplemented in the fall and winter with a higher forage ration to ensure soundness and fertility. Right Cross does not push their bulls.

The Reds are highlighted by the progeny of Craftsman, uniform in type, plenty of muscle, deep bodied with lots of middle and hair. They are supported by ROD Boomer, RCR Sequoia, and Stock Market. The Black bulls are headlined by the Monarch's.... you will love their body length, eye appeal and performance... McRae's, RCR Seneca, Renovation, and Bravo round out the strong herd bull battery.

The 2025 lineup is genetically diverse, offering progeny by proven sires and new arrivals. Bulls for all types of programs and budgets.... It's worth the trip to see these strong group of bulls and their mothers any time prior to the sale or just give Jim or Sara a call to discuss the bulls that will enhance the value of your breeding pastures.

If we, at T Bar C may be of any assistance prior to or sale day, do not hesitate to call any of our team and we will be pleased to assist in a professional and confidential manner.

LOT 1

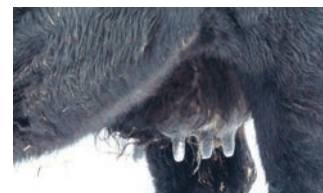

UDDER OF DAM, RED RCR MISS 150A

With hundreds of bulls around this place, sometimes “unplanned pregnancies” happen! Red RCR Sequoia 284J found his way to Miss 150A and you know what, we weren't even mad! This cross checked all the boxes; a bit of calving ease from the sire's side and thickness and performance from the dam! Dam raised lot 4's dam. Brothers have sold to Brian Werstuik and Phantom Creek Livestock and 2 beautiful sisters raise calves in our herd.

CE: **

LOT 2

UDDER OF DAM, RCR RUBY 58E

If you're in the market for a bull that's going to throw some punch, here's your boy! Lot 2's dam is a Heritage daughter, one of our biggest cows. She also raised the mothers to lot 13 and lot 16's Grandmother. Lot 2 will cross on your exotic cows just right! Brother sold to Rachel & Tyril Dayman.

Barb Peddie

LOT 4

UDDER OF DAM, RED RCR MISS 156K

Flip to the herd sire section and check out Red Stuart Stock Market 16K. We were so excited to add his genetics to our program; muscle, length, dark features and calving ease. Unfortunately, we lost Stock Market last spring just before breeding. This will be the only offering of his sons! Lot 4 is long bodied, out of a great old cow family, and will calve easy.

CE: ***

LOT 5

Lot 5 catches most people's eyes when they walk through the pen; he's a tank from front to back! Some of the most popular bulls over at Leeuwenburgh Angus are still sired by Red Topham McLovin 757E. We're so glad we got our hands on our McLovin son, Craftsman 18H when we did. He's added muscle, width, bone, and produced some real fancy females! Brother has sold to Wayne Rosell and 2 sisters work in our herd.

DAM, RCR ROSEBUD 80E

We've found the Brooking Grand Jury 202 daughters' milk like Holsteins! Rosebud 80E always puts her heart and soul into her calves and yet has a nice tight udder composition. We feel confident in saying Lot 6 could be used on heifers or cows. Keep every daughter of this guy! Brothers have sold to Brown Ranch Inc, Tyril Dayman, and Cody and Meriah Drummond.

CE: ***

LOT 6

UDDER OF DAM, RCR FOREVER LADY 12D

Lot 7 will sire calves that will push the scale down! He's soft made with a foundation as sturdy as they come. His angular dam is what you want all your females to look like! 2 fancy sisters to lot 7 work in our herd and a brother sold to Tyril and Rachel Dayman.

DAM, RCR FREYJA 111F WITH 2025 CALF

Here's the first of eight bulls in this year's sale that are from the Freyja cow family. There is no denying it, our Freyja cow family is THE best! The males usually top sales and the females just keep producing and raising the good ones. Lot 9 has been a crowd favorite; we can't wait to see him as a mature bull. Use him with confidence on heifers! Brothers have sold to Poirier Prairie Ag Ventures, Cornerglen Ranching, and BN Ranch.

In our part of the world; winters are harsh, and grass is hard. It's important to have a cowherd with BIG barrels. They need all the room they can get to help take in dry forage and make energy to survive. If you're looking for a bull from a cow with a BIG middle, this is your boy! Brother sold to Darren Ardnt.

Here's the boy that will meet you at the gate every day. We didn't really know what to expect when we purchased Mcrae's Bravo 403J. We've found him to be very easy calving and yet his calves hit the ground and gain. They don't have a typical "heifer bull" look. They're tanky, square, and compete all day long with the "cow bulls" of the pen. Lot 16's dam has a registration glitch so doesn't have papers, but a cow that will stay in the purebred herd nonetheless!

GRAND DAM, RCR RUBY 198H

MATERNAL BROTHER & 2024 HIGH SELLER TO TICA HOLDINGS, RCR 231K

SIRE, CHAPMAN FORTE 0861

We contemplated long and hard about keeping Forte 204L. He's the only Forte 0861 in the sale and a nice outcross genetic package with a body to write home about. His dam Ellen Erica 233H goes back to Motive 9016 who sired calves with GUTS and milk numbers off the charts. Lot 36 is the maternal brother to the high selling bull from last year's sale to Tica Holdings.

CE: ***

MEET THE CREW **AT RIGHT CROSS RANCH**
Wayne & Kelly Wittevrongel

DAM, MAR MAC BM ANNIE K 407D

Lot 37 is the first of the seven bulls that we purchased last year from Brett & Chantel McRae over at McRae Land & Livestock. It's hard to truly appreciate the size of Lot 37's middle by a side angle picture, but he is a TANK! Smooth shoulder, light birthweight, and should calve heifers all day long!

CE: ***

LOT 37

Here's a smooth made, complete two-year-old. He's a bull that moves like a cat and will be able to cover a lot of cows for you this breeding season!

We have jokingly named lot 40, "Belly Roll!" He puts it ALL together with the butts, the nuts, and the guts that we all want in our future Angus Herdsire. Lot 40 goes back to the infamous Sandy Bar Ambush 10Y; people drive a lot of miles to get their hands on genetics like his. We're proud to stand behind lot 40, he's the stud of studs!

LOT 41

Here's a cow bull that someone will be happy to nab! One top notch thing about the Renovation offspring is their feet! All 5 of them stand on a foot with tons of heel and toes that head straight down; I've admired them since they arrived! Lot 41 will add stretch, lbs, and grow to your calf crop!

CE: *

LOT 42

DAM, SANDY BAR QUEENETTE 120C

The world has a funny way of coming full circle. Years ago, we got out bid on the Walkerbrae Warrior 116Z bull. He was an impressive character with some great names behind his name. We're excited to acquire a daughter of his in Lot 42's dam. Lot 42 will be a good footed dream, that will let you sleep at night during calving season.

DAM, MCRAE'S JEMINA 421G

Check out the picture on this bull! You can't ask for much more. He's the type who'll add shape, style and true Angus characteristics into your herd! His dam is wide based and has a good udder.

CE: **

LOT 43

This picture doesn't do Lot 44 justice. He's a well-made bull that's going to cross well on someone's exotic cows! Pick any one of the Monarch son's and enjoy where he takes you and your cowherd.

All the best down the road!

RIGHT CROSS RANCH BULL WARRANTY PROGRAM

Customer service always has been, and always will be, our number one priority! We stand behind our bulls, and our program, and will do anything in our power to make sure your cows are covered. Every bull sold has passed a semen test prior to delivery. If your bull fails to be a satisfactory breeder, we will provide you with a replacement bull or a sale credit. The Right Cross Ranch Bull Warranty Program covers your bull for injury or death.

Intentional acts of mistreatment causing injury or death are considered fraudulent claims.

If there is a concern regarding your bull, please notify Right Cross Ranch immediately. We ask that you contact a licensed veterinarian to diagnose and assist you with treating your bull. We will be in contact with your vet and if the animal dies a postmortem will be required (at your cost).

Warranty Program Descriptions

The following options are available, and settlement will be required on the day of the sale. The buyer is responsible to choose their plan and communicate their wishes on sale day.

6 months - 7%

This plan covers your bull from the date of our sale, through one breeding season. Covers 100% of the bull's purchase price less salvage value.

12 months - 10%

This plan covers your bull from the date of our sale, through one breeding season, and one winter. Covers 100% of the bull's purchase price less salvage value.

*** If you choose to decline our warranty program, there will be other options available sale day ***

THANK YOU FOR TAKING INTEREST IN OUR PROGRAM

SEE YOU SALE DAY!

TERMS & CONDITIONS

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co.(2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co.(2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value. The buyer assumes all risk if insurance is declined.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Trucking Policy:

Please insure your bull if you are looking to have him delivered, no exceptions! Free delivery will be available for any bulls selling for more than \$3,500. Bulls selling for less will be delivered at cost. If more than one lot is purchased we will still deliver for free. We will begin deliveries after the sale. We will do our best to work with you to get you your bull. We would also appreciate if you would work with us! If we are near your farm, your bull will be delivered at our convenience. Thanks for your cooperation!
