BULL SALE
CHAROLAIS • SIMMENTAL • BLACK ANGUS
FEBRUARY 12, 2025 // 1:00 PM // STEPPLER SALE BARN, MIAMI, MB

welcome

TO THE 14TH ANNUAL STEPLER FARMS BULL SALE

Welcome to our 14th Annual Stepler Farms Bull Sale, we look forward to hosting you at the farm on February 12th. We would like to take this opportunity to thank our customers for their support and trust in us supplying their bull power needs. This is Stepler Farms' 50th year registering purebred Charolais and we have pivoted many times over the years to meet the industry needs-initially selling bulls through private treaty, consigning to various sales, and now hosting our own on farm bull sale. Our dedication and commitment to our customers has always remained the same, and producing high quality breeding pieces that sell with the industry leading guarantee is the goal.

This is our second year offering Black Angus and Simmental bulls. This has always been in the works to help provide our customers with a broader range of genetics to increase their profitability. Each one of these divisions is always being designed with the cow as the focus. The maternal abilities of these two breeds are impressive. With the different management practices and environments of our clients, we felt we needed both breeds to help achieve the best maternal selection. This year, along with our Charolais, Angus and Simmental bulls, will be the addition of an elite set of heifers for sale representing our 3 breeds.

Check out our programs on page 4-simply put, these programs are designed to add more value to your purchase. We, at Stepler Farms, are consistently looking for ways to provide more value for dollars invested and these programs do exactly that. One of our closest friends describes it as - simple and easy!

For new customers looking through the catalogue, you will notice that we rank all the bulls for calving ease. With the reality of the industry moving to more calving on grass, bulls must calve. With that said we also want to make sure that the cow has the right genetics to raise a great calf. Analyze your cow herd and your calving needs, then sort through the bulls to find the right fit.

We would like to recognize the hard work and dedication to our operation from our Herdsmen, Austin Richard. Austin has become a crucial part of Stepler Farms and we are pleased to welcome him as a guest consigner in the Angus division. We also have two other co-consigners where we have selected a tremendous set of bulls to increase our numbers in the Angus and Simmental divisions. Ryan Koetke as well as T+M Farms from Carberry Manitoba-Bryce and Nikki, Tanner and Nathan Olmstead have each developed progressive cow herds and we thank them for allowing us to access their genetics.

Kate and I would also like to thank our children for all of their effort throughout the year. They are dedicated to Stepler Farms and its mission and their passion for the industry is exciting to watch! Special thanks to my father in law Kelly who consistently provides help to us, whether it's in the tractor putting up straw, helping torch and picture animals for sale day and hauling cows to and from pasture.

To put together this solid set of bulls, it takes a progressive team. This includes everyone from our families, employees Austin Richard and Connor Oakes, nutritionists, vets, marketing team, silage crew, and of course our clients. With this team approach, we strive in producing the highest level of product. Thank you everyone for doing their part!!

Andre Stepler

There are one hundred and seventy reasons to be part of the action on February 12th in Miami, Manitoba. Plan to be with us at Stepler farms headquarters for their 14th Annual Bull Sale as they celebrate fifty years in the Charolais breed. In their commitment to the livestock industry over the past decade or so, in addition to an outstanding Charolais herd, they have added Black Angus and Simmental into the program to fulfil their many customers' maternal requirements. The Stepler Farms Bull Sale is one of the biggest multi-breed events in the nation supplying ranchers and purebred breeders alike.

What an outstanding group of herd improvers to select from... twos and yearlings. Charolais, white, red and French, Angus, Simmental and Sim/Angus! Their depth and uniformity are awesome in type, whether it be muscle shape, hair, frame size and disposition. Over the half century, Steplers have purchased and selected many herd bulls while building their wonderful cow herd, calving ease is and will continue to be the number one trait. Andre takes calving ease very seriously as the bulls are graded with a CE chart to assist you when choosing your next bull or bulls. New in 2025, is a group of elite females, selected from all the breeds, with the size and scope of this progressive operation, selection is optimum.

The dedication to the livestock business runs deep in Miami and Stepler Farms take their customers and new breeders seriously. Their extended warranty and herd bull guarantee is unique and offers a loyalty protection for all buyers. Please read it over... as only at Stepler Farms can you be treated by outstanding customer service and go home with great value-added seedstock.

In the fall of 2024, Stepler Farms exhibited the Supreme Champion Bull over all breeds, then went on to be chosen Grand Champion at Canadian Western Agribition and top ten in the CWA Supreme. This program has a great future as a superior supplier of high quality seedstock and even though they are competitive... bulls for cowboys is the number one goal.

Feel free to preview the offering any time prior to the sale, or just call Andre to review the bulls and those that will fit your breeding intensions.

Plan to be with us on exciting February 12th, there is seedstock for all types of operations and budgets. If we at T Bar C may be of any assistance prior to or on sale day, do not hesitate to call any of our team and we will be pleased to assist in a professional and confidential manner.

Chris Poley

in loving memory

OF PATRICIA STEPLER 4/13/1953 - 9/18/2024

It is with great sadness that on Sept 18th at the Carman Memorial Hospital, after a valiant battle with cancer, Patricia Stepler passed away with her loving family by her side.

Pat will forever be missed by her loving husband Daniel of 51 years, her son Ian and daughter in law Sandy, with grandchildren, Lori, Michael, April, Charlie, & Lea, son Geoff and daughter in law Sarah, with grandchildren Benjamin and Penelope, son Adam and daughter in law Amber with grandchildren Louise and Rosalind, and son Andre and daughter in law Katie, with grandchildren Brynn, Brayden and Declan.

Pat was predeceased by her grandson Garrett in 2014, father Edward Orchard in 2015 and mother Catherine Orchard in 2021.

Pat was born on April 13, 1953 in Miami, Manitoba to Edward and Catherine Orchard. She was little sister to Gordon and the two of them were raised on the family farm in Deerwood, Manitoba. Pat and Gordon grew up farming with their parents, learning to drive tractors and combines at young ages and enjoyed riding horses and the odd "quiet" cow during their "down times." Pat attended Altamont school from grades 1-8 and completed her highschool at the Miami Collegiate.

Pat met the boy down the road and married Daniel Stepler in 1973. Together they raised their 4 boys on the farm and founded Stepler Farms-grain farming and raising purebred Charolais cattle.

Pat received her Bachelor of Arts and Teacher training from the University of Manitoba in 1974. She taught at the Miami Collegiate for 5 years before taking some time off to raise her 4 sons. In 1989 Pat returned to teaching in Miami and remained there until retirement in 2009. Pat primarily taught Senior English and was the Coordinator of the Walter and Gordon Duncan Foundation Grant awarded to the Miami Collegiate for innovative educational school improvements. Pat had a passion for teaching and genuinely cared for her students, inspiring many of her students to become teachers themselves. Her yearly drama productions were the highlight for many.

Pat retired in 2009 to be able to focus more on her family and farm. She soon took on the role of farm cook where she would often have over 15 people at her kitchen table for lunch. Pat was a wonderful cook and everyone would look forward to her warm lunch time meals where people could gather. She welcomed everyone to her table with a bright and friendly smile, making time for conversation with everyone.

Pat and Dan were so proud to farm with their 4 boys over the years and loved watching each of them succeed in their own areas. Pat could often be found chasing cows with Andre, delivering field meals to the boys, or taking on various projects around the farm. Stepler Farms eventually grew from cattle to include a honey bee operation and a larger grain operation when the 4 boys were all home to farm together. This kept Pat very busy helping out in each operation as much as she could.

A busy Mom who raised 4 boys, then welcomed 4 "daughters" over the years. She welcomed each of them and their families with open and loving arms. Her grandchildren were the light of her life and she adored spending time with each of them. Her wide age range in grandchildren meant intense games of "Crazy Eights" with the little ones, baking, gardening and mini horse training with the older ones, and attending sports and drama productions for the oldest grandchildren.

Pat had an infectious smile that could light up a room and an ability to make everyone around her feel important. She was always a listening ear, a beacon of wisdom and a source of strength to those around her. She will forever be tremendously missed by her family and friends.

The Stepler men's strength come from the women that they have convinced to marry them. Stepler women have that quiet strength; which is, unwavering resilience, boundless empathy, abundance of kindness, and persistent optimism. That quality is hard to come by and once you have that in your corner, your ability is endless.

Steppler Farms Breeding Warranty

- All bulls sold through the 2025 bull sale are covered for injury and death **6 MONTHS** after the February 12th bull sale date with **ZERO PREMIUM**.
- The buyer must contact Steppler Farms immediately to ensure coverage is within the 6-month warranty date.
- All injured bulls become the property of Steppler Farms and a signed transferable registration paper must accompany the bull upon return.
- If requested, injured bulls must be checked by a certified vet and this report shared with Steppler Farms.
- You will receive a full sales credit to be used in next year's 2025 bull sale. Steppler Farms will only cover up to a \$10,000 investment on a bull. If a buyer wants to cover a more expensive bull, he or she will need to deal with their own outside insurance.
- Buyer will receive a backup bull to get their cows bred at zero charge to the buyer.
- **The backup bull must be returned by the customer to Steppler Farms by October 1st.**
- **If the backup bull is not returned by October 1st, it'll be assumed that he is the replacement and that no further action is required.**

Steppler Farms Extended Warranty

This exciting new program is designed to get your cows bred to a high quality bull when a bull goes down. The reality is bulls will get hurt and never just before the bull sale season. It's expensive to buy extra spare bulls, so it's time to be covered by Steppler Farms. Every Steppler bulls comes with an extended warranty. If any Steppler bull, of any age fails, simply phone me. We will supply a high level back up bull to get your cows bred. Time is money and nobody can afford open/late or cows bred to a second cut individual. \$1000 gets you a breeding bull, delivered; bull comes back to Steppler Farms by October 1st. Now the best part, that \$1000 turns into credit in the next year's bull sale. See it as a down payment on your new herd sire. It is time to get more out of your herd bull purchases. Steppler Farms provides you that!

Credits

Credits can be used in either the female or bull sale. All credits must be used within a year.

Steppler Farms Herd Bull Guarantee

- We want to make sure the sale bull you purchase meets your requirements. Not all bulls work out as hoped. Steppler Farms sale bulls have met the following requirements in our goal of ensuring customer satisfaction when you purchase a sale bull:
- All bulls have passed a semen evaluation and are sold with a semen report.
- All bulls are selected for sound structure with breeding capability.
- All bulls are handled and are guaranteed to be able to be worked with proper handling skills.
- All bulls have been fed a high forage diet which develops the bulls to be able to recondition themselves.

IF YOU ARE NOT SATISFIED WITH YOUR BULL SALE PURCHASE, PLEASE CONTACT ME FIRST.

- Bulls returned in the Herd Bull Warranty must be vet checked, if requested, to ensure they are fertile, healthy, and injury free. After the 6-month guarantee date, bulls are not covered for death or injury.
- Bulls must be returned to Steppler Farms with a satisfactory body condition score, with a signed transferable registration paper. Steppler Farms reserves the right to deduct from the sales credit for any bull returned with a body condition score lower than 3. Steppler Farms also assumes full possession of the returned bull.

THE HERD BULL GUARENTEE IS AS FOLLOWS:

- **After 1 breeding season** - 75% sale credit of the original sale price to be used in the next year's sale.
- **Year 2** - 50% sale credit of the original sale price to be used in the next year's sale.
- **Year 3** - 25% sale credit of the original sale price to be used in the next year's sale.

Steppler Farms will only cover up to a \$10,000 investment on a bull. If a buyer wants to cover a more expensive bull, he or she will need to deal with their own outside insurance.

The best part of both these programs - you are dealing with Andre directly. There is no middleman, no run-around. *Just call Andre.*

“WE DON'T JUST TALK IT
we live it”

Andre Steppler, Cattle Manager at Steppler Farms

calving ease with the premium

*The Steppler Bulls' calving ease will add to your bottom line.
Increase your pounds sold, calf health and survivability, and the
fertility of your cow herd.*

Calving Ease Rank

The majority of cattlemen's programs have changed in the past decade; with larger cattle herd and more calves born on grass, calving ease must be minimal. Calving ease has always been an important consideration in our breeding program, so we have included a calving ease score to help you select your next herd sires. We provide in the catalogue actual birthweights, as well as birthweight and calving ease EPD's. Before selecting your next sire, first evaluate your cow herd and breeding program and know the type of bulls that work for you. All bulls should sire calves with high levels of vigour at birth, with the majority being born unassisted as long as the bulls are used on the recommended cow type. I should note that we run several different types and ages of females, so we have used bulls on all 4 levels of our calving ease score. By using our calving ease score, you get my best evaluation of a bulls calving ease ability, so we have included a calving ease ranking to help you select your next herd sires.

ASK THESE QUESTIONS WHEN YOU EVALUATE YOUR COW HERD:

- What are my calving ease expectations and program goals?
- What does my cow herd look like? Consider breed, cow size, age of female, female genetics, etc.
- What are my management factors? Consider nutrition, exercise, time, and interval of calving.
- What are outside influences? Consider the weather.

MY CRITERIA WHEN I DETERMINE A BULL'S CALVING EASE SCORE:

Phenotype

How the bull is made. Structural soundness for calving ease. Smooth shouldered, smaller head, degree of bone, balance.

Gestation

Days between conception and birth date.

Maternal Calving Ease

Pedigree - How predictable and consistent has the pedigree been for calving. Ex - Inconsistency can come from a larger birthweight grandmother.

Actual Birthweight and Calving Ease

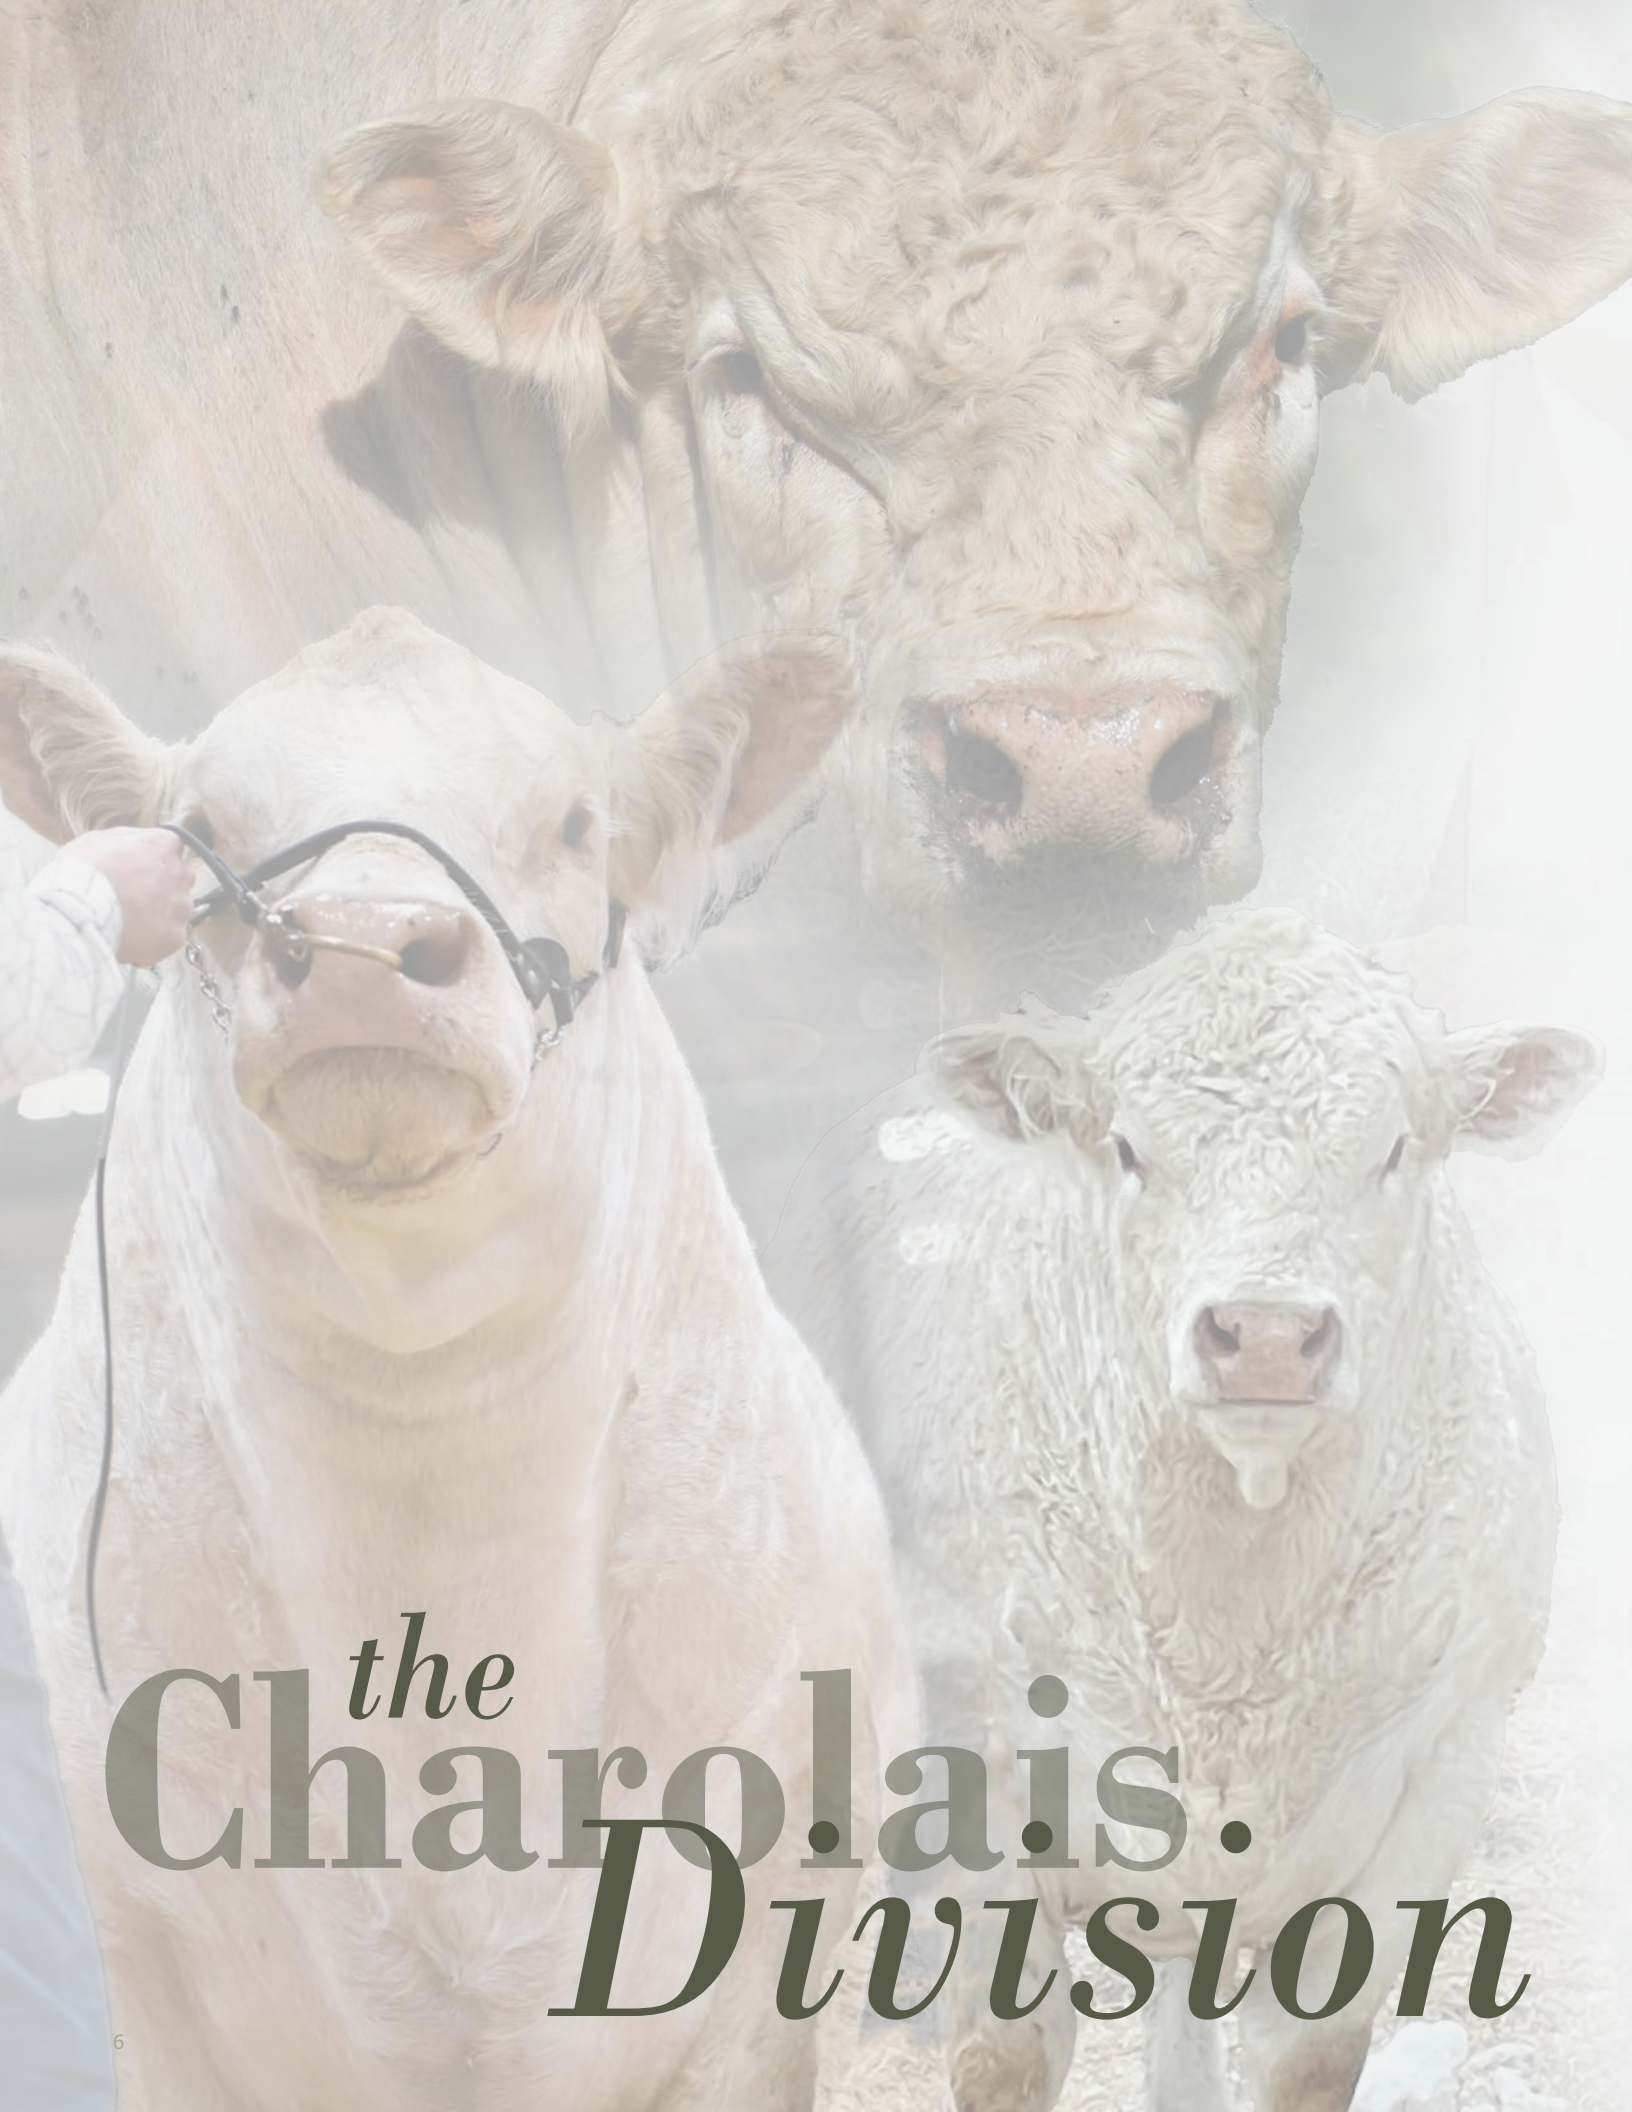

Each calf is weighed and a calving ease score given at the time of birth.

Environment

- Weather and nutrition of dam in the last 30 days of gestation. Calves' birthweights and calving ease can be substantially different when comparing calves born the 1st of January to those born the 1st of March.
- Outside factors affecting the calf's actual data (Twin, placenta issues, dam injury, etc.)

Calving Ease Ranking

- | | |
|---|---|
| 1 | Recommended for heifers and cows |
| 2 | Recommended for second time calvers and mature cows |
| 3 | Recommended for smaller framed and larger mature cows |
| 4 | Recommended for mature cows |
| 5 | Bull is taken out - None provided |

“ All of us at olmstead cattle company are honoured to be a part of the stepler farms bull sale. ”

This year we have on offer 5 purebred Simmental bulls. Every year Andre selects a few bulls for his sale and the rest of our bulls get utilized in our commercial cow calf operation. The two year olds in this sale proved themselves this summer as they were used in our commercial program for 2 cycles.

Please feel free to reach out to any of us with questions regarding our bulls.

Bryce, Nikki and Wyatt Olmstead

2024 Highlights

SHOW TIME

bull management

BULL MANAGEMENT

Get Your Bull Settled In:

Bulls can sometimes have difficulties settling into a new environment. Different feed, management practices, and climate all contribute to new stressors for the bull. If you want your bull to reach his highest breeding potential, it is important to get him a few weeks prior to breeding to make this transition easier. If you don't have any extra pen or space, sometimes this just isn't a reality and a box stall in the old barn doesn't count as a pen for the bull.

Evaluate Breeding And Re-Evaluate His Breeding Soundness Throughout The Season:

With yearlings and virgin two-year olds, we need to make sure they can effectively breed a cow. Time and patience are essential! If your breeding season happens on grass, this evaluation becomes more difficult, but due diligence will aid in preventing lost time and open cows. Take the time to evaluate the bull throughout the breeding season. If you suspect an issue, contact me immediately. Back up bulls are always on hand.

Recheck Semen And Re-Evaluate Breeding Soundness The Following Year:

Leading up to the next breeding season, it is important to recheck semen and the bull's ability to breed. Injuries and damage from our cold winters can greatly affect the bull's breeding potential.

Pull Your Bull And Provide Proper Nutrition Accordingly:

The most important management practice for ensuring your bulls' next year service is to pull them from the cows. All bulls will perform better and recondition more efficiently if they are pulled and fed the proper nutrition to regain lost weight, grow and put on needed muscle for the following year. Work with your nutritionist to develop the right ration for your bulls. Having your younger bulls away from your mature bulls is also well worth the investment. Younger bulls can be built up more effectively and the mature bulls won't get over conditioned.

Semen Testing Bulls After The Sale

With such an early bull sale we have decided to semen test the yearling bulls after the bull sale. With the majority of the bulls not going to work until end of the spring, a later semen check date will evaluate the fertility of the bull at the correct time. Two dates have already been booked for semen evaluation: end of April and end of May. We will also semen check any bull immediately after the sale if requested. All bulls will have scrotal measurement on sale day.

Our Program

Production and efficiencies are very important on our farm. We have a short, intensive breeding program. All females are AI bred for efficiencies and calculated matings. We try to get 95% of the cows exposed in the first cycle with a 70- 75% conception rate. Correct, accurate nutrition, high quality semen, and time invested in heat detection and inseminating are the keys to achieving this target. Once the cows go through the 28 day AI program, the herd bulls go to work. Since most of the cows have conceived already, the herd bulls are ultimately clean up bulls. The mature bulls easily travel throughout the last 32 days of the breeding program. All females are pregnancy checked early in the summer and culls and opens are taken out.

We maintain a high and rigorous herd health regime as outlined below. This enables us to have a successful breeding program and ensures potential buyer the high health standards of these sale cattle.

Calf Herd Health Protocol

Birth – Inforce 3, Selenium/Vit A, Toltrazuril, PMH once
3 weeks of age – Pyramind 5 + Presponse SQ
Early processing (pasture time) – Covexin 8, Ivermectin
Weaning – Express 5/Somnugen, Covexin 8, Ivermectin

Cow Herd Health Protocol

Pre-Breeding – Express FP 10
Pre-Calving – Scour Bos 9, Covexin 8, Ivermectin, Bred Heifers Scour Bos 9 and boosted with Scour Bos 4
All vitamins and minerals fed through a TMR

Bull Herd Health Protocol

Prebreeding – Express 10 FP, Covexin 8
Off season – Ivomectin
All vitamins and minerals fed through a TMR

terms & conditions

THE FINE PRINT

TERMS OF SALE The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Charolais Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH: The health of the herd is excellent. All cattle in this sale is free from disease or defect to the best of our knowledge. We guarantee that all sale cattle will ship to Canada or mainland United States. All cattle are on a full herd health program. Our veterinarian is available for consult upon request.

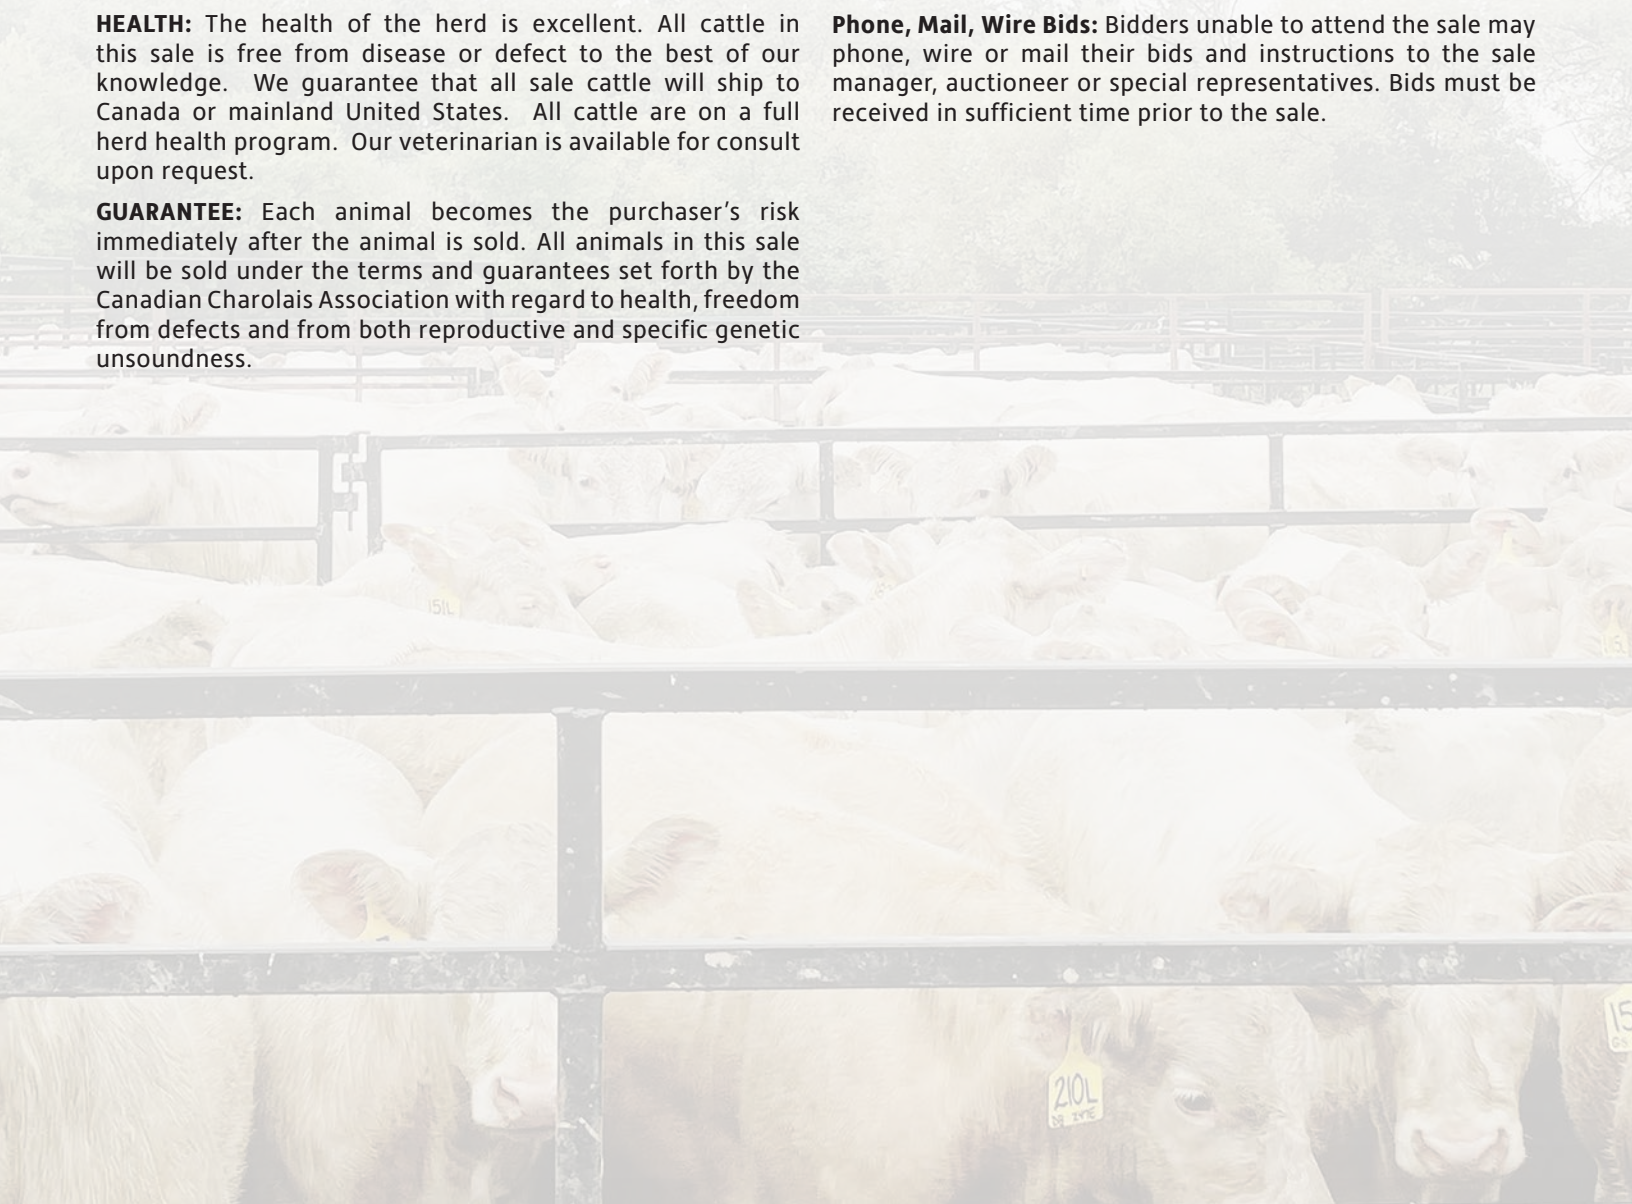

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Charolais Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

INSURANCE: We cannot stress strongly enough the importance of insuring your purchases immediately following the sale. Your purchased animal is your sole responsibility as soon as the sale concludes.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.

LIABILITY: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Phone, Mail, Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.
