SPOTS 'N SPROUTS SPECKLE PARKS

Welcome to the Supreme Speckle Park Sale

We are proud to present an exceptional selection of purebred Speckle Park cattle, representing the best in genetics, performance, and potential. Whether you're looking to enhance your herd with superior breeding stock or invest in high-quality beef genetics, this sale offers an outstanding opportunity.

Speckle Park cattle are renowned for their feed efficiency, marbling, and adaptability, making them a top choice for both commercial and purebred operations. Each animal in this catalogue has been carefully selected for its structure, temperament, and genetic merit to ensure long-term value for our buyers.

This is our first Supreme Sale without our sale partners. Our first sale together at Notta Ranch was in 2011, 14 years ago. What a great run it has been. We now wish the Goodfellows, Jason and Sara and their girls all the best in their new endeavors. However, with the help of Steve, Amy, and the boys we will continue to promote our herd and offer breeding stock through the Supreme Sale.

We appreciate the interest shown in our sales in the past and look forward to helping you find the right addition to your program again this year. We encourage you to stop by the farm prior to sale day to have a look at what we have to offer and don't hesitate to give us a call if you have any questions. Thank-you for joining us, and happy bidding.

FROM THE DESK AT T BAR C...

Welcome to the 15th Annual “Supreme” Speckle Park Bull and Female Online Sale with DLMS on April 11, 2025. John and Dale Herbert along with Steve and Amy maintain the “Supreme” tradition of offering the best seedstock in this Canadian Breed.

For over four decades, the Herberts have developed a strong, predictable cow herd as they are founders of the breed. The herd’s name, Spots N’ Sprouts, can be found in most pedigrees of quality Specks in Canada and worldwide.

In keeping with tradition, they offer a lineup of two-year-old bulls from the top of the pen... bulls that exemplify muscle, thickness and soundness along with calving ease data and gentle dispositions. Being twos, they will cover more cows, bigger cows for all types of terrain.

The heifers are current year, selected from top cow families and high in quality. Several of these fancy prospects can fit many show pens for coming junior events.

“Supreme” is one of the highlight sales in the Speckle Park breed from these pioneer producers. Stop by the ranch at Neilburg and tour the offering.

If we at T Bar C, may be of any assistance prior to or sale day, do not hesitate to call any of our team and we will be pleased to assist in a professional and confidential manner.
