AAA *BULL SALE*

Acquire the Angus Advantage

TWENTY EIGHTH
ANNUAL

Bull Sale

Saturday, April 12, 2025 • 1:00 PM

Johnstone Auction Mart • Moose Jaw, Saskatchewan

OFFERING YEARLING BLACK ANGUS BULLS

WELCOME *from* AAA ANGUS

Welcome to the 28th Acquire the Angus Advantage bull sale. For all who continue to overcome the challenges this business has presented ... good on you. You have earned the benefits of the recent high cattle prices.

Six family owned and operated cattle outfits have collaborated to assemble this solid set of yearling Angus bulls. We have the confidence these bulls will pay dividends to our customers with the progeny they will sire. Year after year a high percentage of the bulls are sold to repeat buyers. Your confidence in our bulls is very much appreciated.

2024 SALE RESULTS

26% Sold in the 4,000 – \$6,000 range

42% Sold in the 6,000 – \$8,000 range

32% Sold in the \$8000+ range

We would like to acknowledge some folks that are key to the success and longevity of our sale. The crew at Hagerty Livestock have developed our bulls every winter for all 28 years. They are as capable and professional cattle stewards as you will find. Chance Jackson clipping the bulls. Melissa McRae picturing and videoing the bulls. Dr. Terry Goslin testing breeding soundness. All are masters at their crafts.

Always professional, the T Bar C team manages our sale with enthusiasm. Not sure how they do this after a solid two months of daily bull sales.

The crew at Johnstone Auction has hosted our sale all 28 years. They are always friendly and go above and beyond to serve our sales needs. Sadly, we will miss the presence this year of the "Johnstone's Greeter", Mr. Wayne Johnstone. Rest in peace dear friend, you have earned it.

YOU ARE INVITED TO JOIN US FRIDAY TO VIEW THE BULLS. HOSPITALITY AND ANGUS BURGERS WILL BE SERVED 4 -7 PM. WE LOOK FORWARD TO VISTING WITH YOU.

Triple AAA Sales Group

FROM THE DESK AT T BAR C

Welcome to the 28th Annual Triple AAA Angus Bull sale on Saturday April 12, 2025, at the Johnstone Auction Mart, Moose Jaw, Saskatchewan. Presented by long time dedicated breeders of Black Angus Cattle, these folks have been long term suppliers of Angus seedstock.... seedstock with predictability and longevity. Just consider the influence they have left over the years; some things have changed since the founding of this event but what has not changed is the quality of their breeding programs. All the bulls are jointly fed and conditioned, the uniformity of the offering is influenced by the strength of the mothers.

Much of the lineup is sired by leading A.I. bulls in the industry.... bulls that are predictable for both performance and calving advantage. If you are looking for muscle, sogginess and hair, look no further, they are very similar in type and kind and ready to be unloaded in your pasture. You will keep all their daughters, and their influence is something we all look forward to as the North American cow herd is restocked.

Stop by Hagerty's to preview the bulls prior to the sale or stop by on Friday at the sale barn. April 12th is a day of advantage... Angus advantage and an opportunity to upgrade your herd bull pen and get new, fresh genetics. Plan to be with us or feel free to give these Angus producers a call to discuss their bulls.

If we at T Bar C, may be of any assistance prior to or sale day, do not hesitate to call any of our team and we will be pleased to assist in a professional and confidential manner.

Welcome to the 2025 Triple A Angus Bull Sale!
We have consigned a group of heifer and cow bulls from a variety of sires and off top end females. Hopefully you can find one that will work for your farm! We have bulls from both our AI program as well as off of our proven calving ease herd sire Everblack Money 219H. All bulls have performed well, and we look forward to seeing how they work in the future.
Thank you for your consideration and please feel free to contact us with any questions!

We would like to thank our bidders and buyers from past years sales for having trust in our program. We strive for sound, good footed bulls to last our customers for many years. We also pay very close attention to both the dam and the sire as they must have strong maternal traits and a balanced set of EPD's. Feel free to give Kieran or Kodie a call to discuss the 2025 offering. All of our bulls are parent or sired verified.

LOT 33 & Lot 34

These two Armstrong daughters did fantastic with raising their first calves. SAV Sterling 1766 was chosen for our A.I. program for numerous reasons. Calving ease was ideal for use on heifers. SAV Sterling has high WW and YW EPD's. A big seller for us is that Sterling is in the top 1% for foot and claw structure. These are the type of calves that just catch your eye in the pen or pasture.

Dan, Erin & Cassidy Howell
Box 30, RR 1, Lumsden, SK S0G 3C0
hilowangus@sasktel.net

Welcome and thank you all who have purchased, bid, or even taken the time to have a look at what we have to offer.

Our breeding program remained similar as previous seasons. Late April we began a 4 week breeding program which includes ai breeding and observed matings with our herd sires. Knowing probable calving dates is most valuable when temperatures during calving were like February 2025. Bulls are turned out late May. A earlier harvest allowed us to wean the bull calves three weeks earlier without any creep. October 15th the bulls were delivered to Hagerty's. All the bulls from the Triple A members have been developed together since October 15th.

If I can be of any assistance feel free to call 306-581-7606.

Thanks and I look forward to seeing you April 12th.
Dan Howell
