WELCOME FROM

Medonte Highlands

It's that time again!

On behalf of Lois, Jim & Sandra, Randi-Lynn and myself, welcome back to Orillia.

Media-sired cattle are definitely making a positive contribution in the pasture and the showing. At the recent 2024 Canadian Junior National Show he sired four class winners, three division champions, and the Grand Champion Bull and Grand Champion Female. Media himself is now a silver trophy and Gold Medal Award sire. His offspring in this sale are of the highest quality.

We have searched for the next bull to keep Medonte pointed in the right direction. We found three; Smokey, Oshoto and Fire Storm. All three are unique in their individuality but have one common denominator, which is their outstanding dams.

The heifer calves selling are futuristic and sensible. All the young bred females have already proven themselves in production.

We are offering three homozygous polled sons sired by Media. They are unique in design while being out of tremendous dams. Milestone, who sells as lot 2, is of particular interest to us, being out of the 2013 World Champion Dainty 205Y.

Once again, our sale partners have selected high quality livestock with customer satisfaction in mind.

Thanks to Hannah MacDonald, Jacob Ball, and everyone who helps us throughout the year.

Also, the animals in our pictures have not been altered in any fashion. The sale offering will probably look even better when you evaluate them in person.

If I or any of the sale staff can be of assistance, give us a call! We look forward to welcoming everyone to the farm on the 22nd.

Regards,

Kevin Brown

FROM THE DESK AT

T Bar C

Welcome to the forty-second edition of Autumn Alliance... an amazing event hosted by one of the world's leading Polled Hereford breeding establishments.

The success of this herd is the result of over a half century of breeding and selection... breeding and selecting from the finest brood matrons throughout the breed establishing an elite cow herd base that is predictable in all stages of production.... mating best to best to achieve ultimate rewards. Nita, Dainty, Belle, Marvel, Mira, Daydream, Lucky Lady... great predictable cornerstones, tools that are extremely influential in the Medonte program.

Let's not forget the power of the MHPH herd bull battery. They have bred and produced many herd bulls (too many to mention) working in herds throughout North America. No doubt, Media, has lifted the Medonte program to new heights. A National Champion producing champions, his progeny is designed for today's marketplace. We cannot say enough about the bull and the progeny that headline XLII... they are the right kind in an exciting time in the industry.

The past spring bull sales have shown the resurgence of the white face breed. Farmers and ranchers throughout North America are requiring quality Hereford bulls that offer identity whether it be in baldy replacement females or feed efficient stockers to add easy converted pounds in the feed yards throughout the industry.

The guest consignors present a strong, competitive lineup selected from their front pastures... as their herds are small in number, Autumn Alliance is their production sale.

Quality seedstock and customer service go hand in hand at Medonte. Kevin, Jimmy and Lois continue their commitment to the breed and the industry. Customer assistance and breeder support are always available, give Kevin a call or better yet, stop in.

See you on September 22 for the 42nd Sale ... it will be worth the trip. Feel free to call any of the T Bar Team for assistance prior to, or sale day.

A very good Media female. As you well know, Media is a National Champion. Her mother is a cow with lots of milk. This female can make a foundation cow for her new owner. Bred May 22, 2024 to PCL Hyperdrive 30H, who is a proven heifer bull. We purchased 30H out of the PCL dispersal and "boy" are we glad we did that. His calves come easy, grow really well and are easy on the eye. Pictured in her working clothes. Imagine what she will look like on sale day when she has been washed and clipped.

CHULA VISTA POLLED HEREFORDS

Here is an excellent heifer calf sired by Hyper Drive. She is out of the same mother as Leona 210L. Her and her sister will make front pasture cows. Very well made, naturally thick, attractive and has good EPD's. Cattlemen will easily find her sale day.

"Wow". Another Hyper Drive female out of a cow that never misses. The mother still has a perfect udder. We purchased her from Blair-Athol and are happy we did. This calf is attractive, long necked, smooth shouldered and could be a great Junior Prospect. Balanced EPD's. This one could look really great in leather. Use her to start a new cow family.

She's a Lady Luck! 318L is a daughter of a cow we purchased from Phantom Creek Livestock. We have a maternal sister in the herd who has one of our top bull calves this year. Lady Luck has lots of growth with clean lines not giving up any size to our January and February yearlings. My grandchildren say she wants to be a show heifer as she is always around when the 4H calves are being walked and groomed.

Sells bred to Moorehaven Lian Rock ET 13H. Observed bred on June 10, 2024 with exposure from May 10, 2024 to August 1, 2024.

LIAN MOR POLLED HEREFORDS

We were fortunate to have an Evolve 112J semen package. We used him on a lot of cows last year and we are very satisfied with the results. This heifer has some frame with clean lines and extension through her front end. Certainly a cow prospect. Her dam is owned with Chula Vista Polled Herefords, Casey and Jill Van Kessel. I would keep her here but Casey has dollar signs in his head!

As mentioned previously we have been very happy with our Evolve calves. Like 207M this heifer shows lots of growth with the extension we like through her front end. This heifer goes back to the Piper cow at Wally Mitchell's in Manitoba. We think that she will only get better and better. Maybe a good 4-H project for next year

Loaded with eye appeal and graceful in motion. Her dam is a maternal powerhouse.

A real sweet heifer that is sound, big bodied and easy to look at. 2M is in the Top 1% for weaning and yearling weight. Her two-year-old dam is a beautiful uddered, Frontier daughter that is doing a heck of a job on her first calf. Her grandam is the dam of 113M, the productivity of this cow family is second to none.

A direct daughter of the reigning CWA Supreme Champion, Evolve. This calf has been a standout from day one. A big bodied heifer with lots of shape from all angles. Her mother is one of the most productive females at Bar-J-M. This is the kind that will raise you herd bulls.

BAR-J-M POLLED HEREFORDS

Performance, power and femininity are what come to mind when I think of 3M. She is big middled, long bodied with that extra fleshing ability. This heifer is eye appealing from any angle. 3M has already been a fun one to play with in the showing, but I feel she will be even more fun when you get her into production.

Conservatively marked and neatly built.

TERMS AND CONDITIONS

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Hereford Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness. The Autumn Alliance consignors stand behind any animal sold in this sale.

PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY:

Will be provided at cost and at the buyer's option and risk. Instructions for delivery must be given at time of settlement. No cattle will be released until after the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as sold; therefore, buyers are urged to insure animals for full value. An insurance salesman will be in attendance.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
