FROM THE DESK AT

T Bar C

On the heels of a fabulous fall in the Hereford breed, we offer an exciting lineup for Canadian Western Agribition. This is your invitation and welcome to be a part of this great event hosted in Regina for over half a century. The Hereford sale at CWA is a tradition and combined with the exhibition of the country's finest seedstock, you will be treated to two or three days of Hereford fellowship, new ideas and great cattle.

The sale lineup is laden with unlimited opportunities as we watch a resurgence of the breed. Whether you are looking for donor candidates, bred females carrying a valuable coupon or explore the fancy '24 models to exhibit next year and then turn into front pastures females. The embryo packages with the freshest genetics out of the breeds leading donors along with the semen offered will be well worth your trip to Regina on November 28th.

With this cattle market soaring, never has been a better time to add some new high-powered genetics for the years to follow. Until we can start rebuilding our depleted herds, beef producers will enjoy the monetary advantage of the shortage of beef in our system.

Plan to be with us at Canadian Western Agribition... an event one should not miss. If you require any assistance in selection or acquisition, feel free to contact any one of us at T Bar C, we will be pleased to help you in a professional and confidential manner.

- **Reigning Bonanza National Jr Reserve Champion Female**
- **Canadian Silver Trophy Female**

This female's phenotype is second to none. She offers a rarely seen combination of maternal traits with performance. Easy fleshing while maintaining eye appeal. Jazzy is a unique individual who will lead the future of our program. She is bred to Liberty. He himself won Championships at Denver, Oklahoma and the American Royal Nationals. In his 1st calf crop he produced KJ Element who sold for \$95,000 and went on to win Denver Reserve Champion Bull. The possibilities are fantastic!

AI bred to KJ TWJ 907E Liberty 159H ET on May 12, 2024.

Exposed to XLP 137G Journey 500L from June 3- July 24, 2024

Preg checked safe in calf.

We saved this beautiful Justice daughter for Agribition. A real eye-catcher! Perfectly balanced with length, lots of top, and thickness. Justice daughters are dropping perfect udders with plenty of milk. Jasmine 51M comes out of one of our very best cow families. A full sister is working at Blair-Athol, owned jointly with Rea Mahaffy. A maternal sister is doing a great job at Remitall West. Don't miss this opportunity to buy a show heifer that will turn into a super brood cow!

Owned with HBM Polled Herefords.

When describing Sugar 2M, words such as volume and capacity tend to surface. Being a maternal sister to Skelton Glacier 3K, who is co-owned with Crooked Lake Farm, it should come no surprise that these quality siblings are the products of a very predictable mother, Sweetheart 5G. Sweetheart always conceives on first A.I. service, is usually the first of her herd mates to initiate the calving season and has the udder type and capacity to “get it done” come weaning time. Expecting Sugar to have inherited her mother’s maternal strengths, she also flaunts a deep rib and wide chest, all wrapped up in a mahogany red hair coat projecting a bold presence.

Heifers the likes of Daisey 8M are the reason we do what we do. She is the deliberate result of 6 generations on her mother's side and 9 generations on her sire's side of Skelton Cattle Company breeding. She carries the legacy of many proven brood cows in her pedigree. Glacier 5G has also put his phenotype stamp on her suggesting she has the ability to pass on his performance to her offspring. We are confident Daisey owns the talent to be a maternal super star. Build a herd around this one!

PCL 4013 Glitz 1G is a remarkable Hereford bull bred for exceptional quality, featuring genetics that promise both performance and style. Known for his well-balanced frame, muscling, and structural soundness, Glitz 1G combines eye appeal with functionality, making him an outstanding choice for breeders focused on both show and practical herd improvement. His lineage brings forth desirable Hereford traits, offering consistent and valuable offspring that excel in terms of growth, longevity, and adaptability. With a reputation for producing calves with solid bone structure and attractive markings, Glitz 1G is sought after in the Hereford community as a dependable and influential sire.

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration

Each animal will carry papers issued by the Canadian Hereford Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health

All animals in the sale have met all necessary health requirements.

Guarantee

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regards to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Pregnancy Information

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

Liabilities

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids

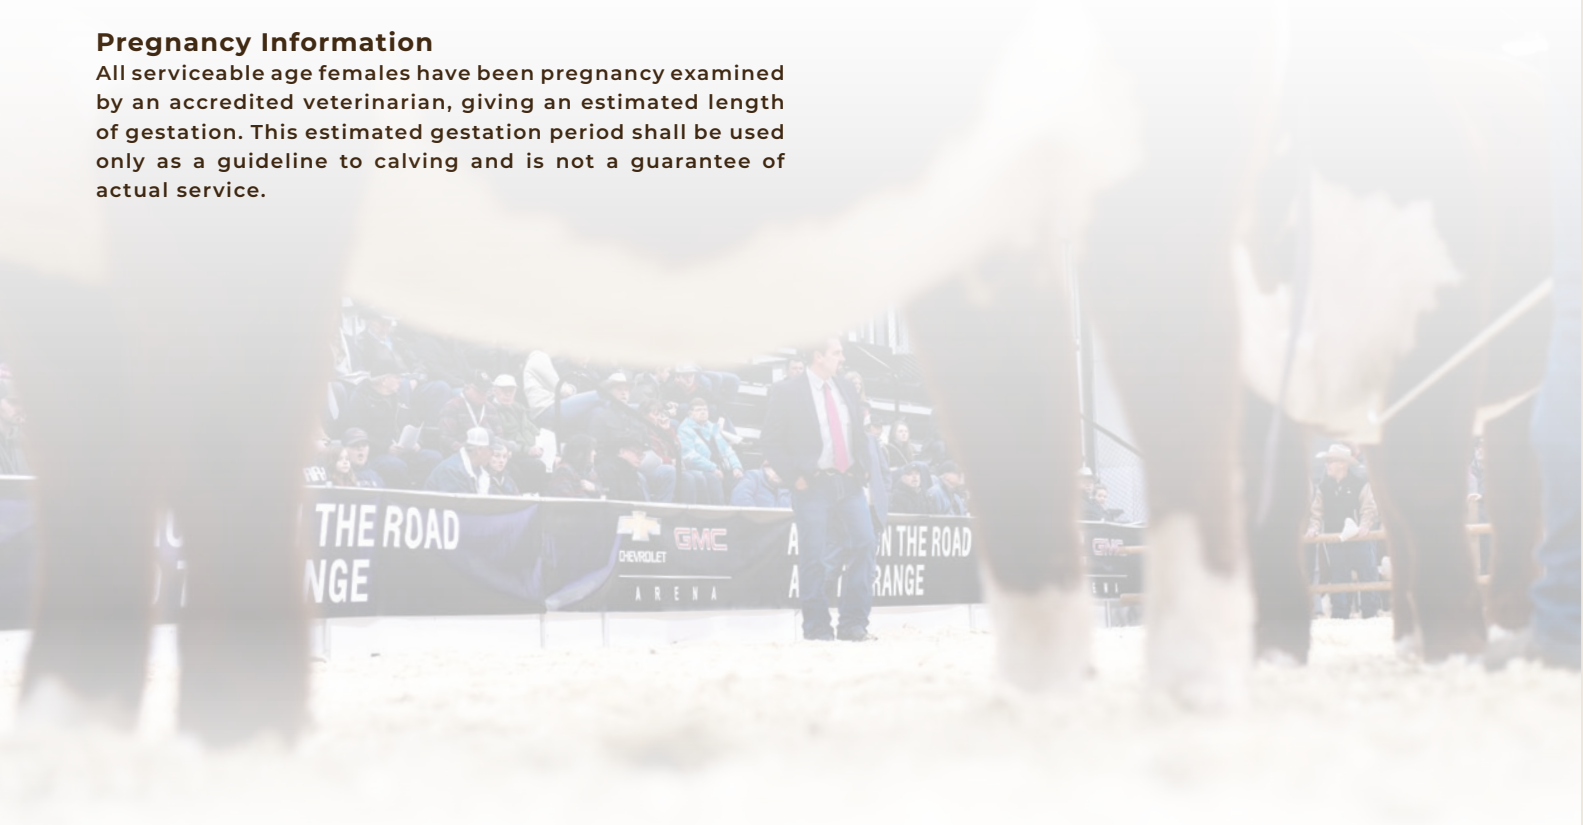

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance

We strongly recommend that insurance is purchased for full value.

Errors

All announcements at sale time, written or oral, supersede any written material in the catalogue.
