WELCOME...

We would like to welcome everyone to our annual spring bull sale February 28th, at 1:00 here on the farm at Peebles, SK in a heated barn. We have on offer 74 two year old bulls this year. The sire groups include Musgrave Colossal, SAV Resource, SAV Rainfall, SAV Angus Valley, SBF Registry 9011, SAV America, Claig Horizon 11H and Claig Glen Boy.

The cattle that are being raised for seed stock production, have been under a microscope since birth. We are vigilant in ensuring the seed stock we produce is predictable, consistent and of the highest quality for our customers.

When selecting the bulls that will be offered to our fellow cattleman, we consider the following factors. Longevity, calving ease, growth, foot/leg, overall structure and frame size. To ensure that these bulls will enhance and move your program forward in the years to come we ensure the bull comes from a cow or cow family that has a proven track record and is flawless in there previous offspring.

Our bulls have never been creep fed. From weaning they go on a backgrounding ration till may. From there they will go to pasture. They come off grass in October.

Feel free to come for a tour at anytime, call or text one of us here at D&N. T Bar C and DLMS will also be able to help with any questions about the offering.

RETAINING 1/3 SEMEN INTEREST IN ALL SALE BULLS

THE RAJOTTE'S

Our goal here at D&N is to continuously improve the efficiency and efficacy of the cattle that walk the land, we understand the challenges that our fellow cattleman face every day, and we strive to produce cattle that will directly boost your bottom line and move your operation forward

D&N LIVESTOCK

Dave & Terri Rajotte & Family

FROM THE DESK AT T BAR...

It is always our pleasure to welcome and visit with those that have put forth their interest in the program that the Rajotte family is building. Of course, it is partially due to the fact that the offering of Angus cattle is excellent, but mainly because Dave, Terri and their family are some of the most customer driven people you will come across in the business, that have years of experience and a big picture outlook on the cattle business as a whole. The D & N crew aren't just weekend ranchers or have cattle as a hobby or side business; each and every member of this family operation are true cattlemen that understand the importance of the day-to-day battles and victories associated with raising cattle at this volume in an ever-changing environment. The offering presented within these pages as been built with an appreciation for Angus seedstock and the benefits that they can give a growing customer base.

Every December, D & N hosts one of the most popular and well received female sales throughout the country, with their sites set on expanding it even further in the coming years. Those same plans and aggressive breeding decisions have carried over to develop this fantastic set of bulls. Many brothers will sell as the family utilize one of the most intense AI programs in Canada, with last year seeing the family put in excess of 2000 head through themselves. This level of labour does yield the fruits of consistency in the cattle available on offer here, as well as the elevated type of bulls that can produce liner loads of stout calves every fall.

You will not find a group of more down-to-earth, honest, and hard-working people that run cattle in such volume. That volume affords the luxury of being able to implement one of the very best culling criteria in the business, where no weakness is tolerated. As we come into the third anniversary of the bull sale, we've now had feedback on the bulls being all two-year-olds, with very encouraging comments. These cattle are built tough for the Canadian ranch environment, and are extremely fertile.

I would encourage you to please do all you can to visit the ranch in Peebles, see their fantastic set up, enjoy their signature hospitality, and analyze a great set of bulls. All of us at T Bar have worked closely with the D & N crew for many years now, so please be in touch with any questions you may have. And of course, the Rajotte crew love talking every facet of the agriculture industry, I would highly encourage you to get to know them if you haven't already.

Here is a Glen Boy backed by the April cow Family again. Backed by a cow that is ranked at the top here at D&N, with fertility, foot structure and udder quality being top on the list.

Recommended for cows.

Recommended for Cows

This guy is the complete package out of a Glen Boy. The muscle mass and sheer volume speaks volumes to the growth and efficiency he will add to any calf crop.

4 BLACK ANGUS INFLUENCED HEIFER CALVES

Josh has a cow herd that is pushing the limits in all aspects of production. He has purchased industry leading genetics from Angus producers all across western Canada, and has bought the high selling bulls off our sale every year. These heifer calves are as high quality as they get, with proven cows behind them. Do not miss out on these.

We would like to
Thank Benji and Josh
Gustafson of G2 Cattle
for purchasing our
lead off group of 2 JL
Renown daughters
from our Bred Heifers
sale for \$8500. These
3/4 sisters that both
go back to SAV Rainfall
dams will propel the
G2 program forward!
Watch for exciting
things to come from
Benji and Josh!

TERMS AND CONDITIONS

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
