before sale closeout*

Timed Auctions Made Easy

To say that 2023 has been like a roller-coaster ride would be an understatement. We started off with a great calving season and a pretty mild winter. Spring brought on a very strong bull market but through April and May we had less than ¼ inch of precipitation. Wild fires were only 30km away and things were dry. Switch to June and the faucet was turned on and not just a trickle but full blast. We have seen over 32 inches of rainfall since then causing lots of problems, 9 inches one night resulting in major flooding and many unnecessary consequences. Here it is September and we are still trying to get our first cut of hay finished. Some fields are so soft we can't get to. We had lots of traffic through the yard this summer with Bonanza in the Maritimes. Thank you to all those who took the time to visit. Bonanza was a great show and we were very pleased to have 18 head that either came from our place or had our genetics in them. Congratulations to all the juniors involved.

That brings us to our Online Offering Volume 3. This year we have 5 of our very best Hereford heifer calves and a stacked group of Hereford Bred heifers. These heifer calves are bar none some of the best we have ever offered and there is something for everyone in the yearling pen. We have also opened up our Red Angus herd this year. We have a very deep pen of heifer calves and are excited to offer you choice on those as well as our show heifer.

We are also very pleased and excited to welcome Twelve Oaks Land and Cattle Company as a guest this year. They have a couple super live offerings and a future pick you surely don't want to miss.

Cattle prices continue at reach all-time highs as far as price is concerned. It is a great time to purchase breeding stock as prices continue to look very good into the future. Buy with confidence and if you have any questions please call.

One last note, Jamie O'Shea will be here to see the cattle prior to the sale and he is more than glad to give you his opinion on any of the lots. Feel free to contact him.

Here is a calf that very quickly catches your eye. Justice has been the go to heifer bull for Remitall-West and the maternal strength he brings to the table with the Belle family make this an exciting cross with Rimrock. Rimrocks have been sought after north and south of the border. Here is a calf that very quickly catches your eye. We really like the pigment and performance Masterplan adds to his calves and this one types right in. Maternal siblings to her dam have been productive at Eagle-Crest and Blair-Athol among others. The Grace family is arguably our best.

Jackpot is a bull we are proud to have raised here and are excited to see him work in the Stonewood Grange and Bradley herds. We have retained a semen interest and are extremely happy to see the birth to weaning ratios. Calves come easy and put pounds on. Daughters are very attractive and type strong together being backed by the Susie cow family at Stonewood Grange.

This female has some very popular maternal siblings. Her dam raised bulls such as our Jackpot bull now at Stonewood Grange and Bradleys as well as a Justice son at Everett Rands. This is the heifer we have been waiting for out of this cow and are excited to offer our best in this year's sale. Flawless structure and an outcross pedigree this heifer has endless mating potentials.

Choice of red angus 2023 born heifer calves - Starting out selling some of our Red angus females we didn't know how else to kick it off other than offering our best. With the small herd of reds we have been able to build up over the last few years we are more than blown away by the quality of our heifer calves that we have this calving season. The choice is yours to pick your favourite of our 2023 calving year heifer calves. We've pictured a few of our favourites. a Trump daughter out of the Ter-Ron Rachel cow family being a full sister to a very successful heifer we campaigned as a heifer calf 2 years ago and a bred heifer again last year, as a daughter out of the wildly popular Six Mile Parabellum bull out of the Wilbar Tinsel family. This heifer is also a maternal sister to the high selling red Angus bull from this spring at Maritime Beef Testing Station Sale. Also on offer is an embryo calf from the great Blair's Ag program out of their Pricilla cow that has tonnes of extra performance to go around. We're so excited to offer this opportunity up and continue to grow our Red Angus program. Pick is to be made by December 1, 2023

Out of our first crop of calves by our walking herd sire from Six Mile Red Angus. Very excited to get some more calves on the ground by this bull and this female is a great example of why. A younger yearling that has no problem keeping up with the January heifers. Bred Hereford here's one that's going to wean a heavy baldie.

Welcome from TWELVE OAKS

Land & Cattle Company

Our farm has been producing a strong line of polled hereford commercial cattle for the past 20+ years. The easy-doing, mild nature of the hereford breed has always been a staple for us, which is why we have decided to take the next step and focus on producing top quality animals with good functionality, either in the show ring or the pasture. We have been using many top end sires from the U.S. and Canada in our AI and ET programs to help strengthen all aspects of our herd.

This is our first offering since we have started our purebred program; we are very excited to be part of the Oulton Online Sale. We have been building this purebred base for the last few years and are very proud to offer a few of what we feel will be top producers in any herd.

Contact us anytime with questions or if you would like to stop and see the animals in person!

introducing THE 2024 Pick of the Calf Crop

This is a group of calves we are excited to see come along. We have been working on our AI program as well as a select few donor cows and are pleased to offer a chance for someone to come in and have their pick of the 2024 Purebred calves at Twelve Oaks. We have used some well-known sires in the industry as well as new herd bulls we have purchased or raised here on the farm and are patiently waiting to see how these calves will do. The sires we have used in this group include **Haroldson's United 33D 36G, Haroldson's Genesis ET 114J, HL Stimulus 2108 ET, Bar Star Fresh Prince 018 ET, Churchill Prince 2198K ET, Harvie Hacket 19H and Twelve Oaks United ET 2K**. Our dams are also selected for traits we desire in our herd; we have been focusing on maternal cows with good udders and feet as well as the ability to raise a strong calf over the summer grazing. We hope this mix will get people as excited as we are for this winter! You have the choice between a heifer calf or a bull calf.

One of the first H The Profit heifers to sell in the Maritimes! This heifer has the size and capacity to grow into what we think will be an outstanding female with numbers to back her up. Her dam has produced some very good females we are using on the farm. Her maternal sister has been shown all summer and been very competitive. If you are looking for a heifer to take around next summer and one who will add size and correctness to her calves, this is the choice for you!!

This was a tough one for us, but we can't keep them all, there are so many things we like about this heifer and how her dam has developed. This beautiful, easy doing heifer, clean up front and lots of femininity. Her dam came from Harvie Ranching as a bred yearling and has done an amazing job on her first two calves. This girl should follow in her footsteps closely in style and udder development. She is bred to Churchill Prince (Bar Star Fresh Prince 018ET x JDH AH Mercedes 11E ET) a bull we purchased this spring for his calving easy and loads of other traits. We are extremely excited to see how this mating turns out and hope you are too!!!
Preg checked - safe for late January calf.

Terms and CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, free of all known genetic defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.
